JULY 1990 VOLUME II NUMBER 13

7/13/90 HATONN

Hatonn present, in service unto God and requesting hearing. I also want to publicly express my great gratitude to my fellow Commanders, Korton and Sananda, for the assistance during this time of almost uninterrupted Journal writing. I am saddened that all ones of the populace do not have access to these supporting messages and instructions.

At the present time they deal much with the local group for action must first begin within a nucleus so that information and instructions going forth are not quite so "hit and miss" on practical application.

I also desire to clarify a bit more fully, the situation with the Freedom 90 meeting in Las Vegas. DO NOT, UNDER ANY CIRCUMSTANCES, THINK THAT WE ARE BOYCOTTING THAT MEETING. THERE ARE SOME EXCEPTIONAL SPEAKERS ATTENDING. I do, however, have insight as to some of the games playing which has been structured against the Phoenix Journals and I do not wish any of you who travel far, to be disappointed in the content of the meeting. It is a beginning wherein ones can draw from each other in order to project outward in the strength of unity.

Our early anticipation was that we would be able to offer you a speaker on the subject of Motivation and People "attention getters" in the person of Mark Gilboyne who is, in our discernment, a Master Teacher in the subject of Hypnotherapy--and hypnosis is exactly that which has been objectively and secretly perpetrated upon you. Gil was ready to attend

and awaiting notification. Then, in addition, we had asked the owner of the most prominent Corporations Agent in Nevada to stand-by to explain strategy in corporation management. George was also under the personal impression that he would have a segment with slides and his own experiences (at Edwards Base) with visual experience of disc craft (Pleiadean). We are not in any manner setting forth to discount anyone's experience or writings but we now have to assume we have adversaries who would utilize the forum to try to discount Hatonn. Ones cannot discount truth for it shall prevail.

I point this out simply as a statement for ordinarily I would welcome the foolish input for to say your government is hostage to "little gray aliens" when your government is the most corrupt one group on the planet is ludicrous. What man does for fun or even in intent while believing it to be truth is one thing; to corrupt a meeting which is originated to give facts and possible actions toward turning about the steam-roller bearing down upon you, is unfortunate.

Since we desire NO PERSONAL CONTROVERSY, we are simply notifying you--certainly if you wish to attend, do so, and effort to keep the subject to the Constitution and positive actions regarding the situation within which you find yourselves. Perhaps if ones in Las Vegas understand our intent, they will temper the assault somewhat. We place our support fully behind the Informed Voters Alliance and Colonel Gritz and our intent is to hold a major Satellite Group Gathering within cooperative guidelines with them.

How do I know what has transpired?

Because one offering help to the group in Las Vegas made dozens of calls in efforts to get "speakers" and spent most of the phone time blasting the Journals and pronouncing that the Phoenix Journals have many pending lawsuits against us. This is blatant fabrication and can only be interpreted as a method by which to precipitate controversy at an incredibly important working meeting set up for unification and not diversion.

I do, further, have methods of information gathering which you do not, and I find that a group of major size was expected to support this meeting and they have withdrawn support and will, in fact, openly oppose some of the organizers and speakers. Ours is not to participate in such diverse derision for you dear ones are in incredibly serious circumstances and the time is so short to act, that if you knew, it would simply cause panic instead of deliberate and effective action.

In regards to the meeting speakers, I wish to urge you to obtain transcript or at least information, of the presentation of Walter Myers, Rt. #2, Box 157C, Baldwin, KS. 66006. He is National Co-Chairman and Acting Executive Director of the Informed Voters Alliance. He has done a superb job of outlining your problems, starting with the need to stop that Constitutional Convention and you are exceedingly close now that your Federal Reserve officials are pressing for an Amendment to balance the federal budget. There is enough corruption and payola in your states to carry that agenda if you don't act quickly.

I will, in this portion, give you a com-

parative document regarding Canada which at first glance you might feel affects you not--if you believe as much, note that Willie Brown has a bill in California to abolish counties and cities--remember the New States? Another speaker we had arranged for is Wally Gentleman who is, at present, in Canada residing awaiting our mission to get under way herein. He was just honored with a doctorate in Canada's Toronto University. His message is urgent and exceedingly important. He is in the technical end of photographic techniques and will head the technical aspects of our media center. He is, further, a friend of Christopher Bird and Gaston Naisson who has been persecuted unmercifully by the medical association through the judicial systems because he has a "cure tool" which is incredibly effective. This man, too, was turned down as a speaker. Christopher Bird, will, however, be speaking in Denver at the "Global" meeting in August, as will Dr. Snead who is well rounded in diversified research insight into AIDS and other purposely "invented" diseases thrust upon you the public of the world.

There is, however, **NOTHING SO IMPORTANT AS RETAINING YOUR CONSTITUTION--NOTHING!** If the conspirators are able to take your Constitution and replace it--the other problems which seem large at present, are moot indeed.

I DO REQUEST THAT YOU MAKE YOUR WISHES KNOWN TO US AS TO WHETHER OR NOT YOU WOULD SUPPORT A MEETING WITH ATTENDANCE. THE MAJOR QUESTION AT THIS POINT ALWAYS COMES--"WILL YOU PARTICIPATE, HATONN?" **YES!** WHETHER IN THIS MANNER OR IN FORM DEPENDS ON SECURITY BUT I PERCEIVE THE INTENT IS TO PHYSICALLY EFFORT TO STOP HATONN SO IT MIGHT WELL BE THROUGH A RECEIVER. I HAVE SEVERAL PROFICIENT RECEIVERS NOW SO THAT IF PERCHANCE ATTACK ON DHARMA IS EFFECTIVE, WE HAVE OTHERS TO PICK UP THE BANNER. DEAR ONES, LIBERTY AND RETURN TO GOD DO NOT COME EASILY AND YES, THERE ARE ONES WILLING TO PAY THE PRICE IF IT

BECOMES NECESSARY. FURTHER, WE NOW HAVE BACK UP AND CLEAR FREQUENCY TRANSLATORS FOR BOTH SANANDA AND KORTON IF THE DECISION IS TO INCLUDE THEIR INPUT. WE DO NOT LIKE TO PLACE ALL JEOPARDY UPON THE SHOULDERS OF ONE BUT WE WILL DO SO IF IT BECOMES THE ONLY METHOD OF CONTACT. WE DO NEED TO HEAR FROM YOU AS TO YOUR WISHES, HOWEVER, THESE ONES WHO WOULD NEED ORGANIZE A MEETING ARE BURIED IN WORK SOME 24 HOURS A DAY. PERHAPS, HOWEVER, DEAN MIGHT BE WILLING TO DO THE ORGANIZING AND A CENTRAL LOCATION COULD BE ARRANGED. (Like, say, area 51 or Dulce or Colorado Springs mountain retreat--with tongue-in-cheek, although humor is difficult to come by in this situation.) (Perhaps even Beaver Creek, Colorado where the "big boys" just had their pre-Houston Economic conference.)

Oh yes, they did--they ALWAYS DO! Attending were Henry Kissinger, Francois Mitterrand, Helmut Kohl, Alan Greenspan, Dick Cheney, Kaifu of Japan, Gerald Ford and others. They got caught because the Zionists attempted to place a bomb in the hotel full of other guests, also, and it was reported (sometimes you just can't get good agents--too many become double and triple agents, selling to the highest bidders). The hotel had to be evacuated and these friendly little gatherers had to change locations so they got their toys and limousines and toodled off to Gerald's place to conclude.

The remainder of the group biggies were busy in their own special huddles--in Germany (in the absence of Kohl--what does that tell you?) Thatcher and Bush were elsewhere--what do you suppose they were doing? Well, Maggie is nervous as major Europeans are having their meetings to "discuss European political and economic union". There will be a meeting **IN ROME** in December, a 12 nation conference, to study ways of achieving a single European currency in stages, and, a separate conference to discuss ways of "speeding political union". Now, the above has also been noted in the *New York Times*, so how

serious do you believe it **REALLY** is?

Well, I would not be comfortable if I were David Rockefeller, either, for "they" are out to get rid of him, also. There are ones already prominent such as your beloved and opinionated Brezinski and Schlesinger waiting for the grand entrance into the BIG spotlight. You see, with evil, there are always ones out to "getcha" so "at the top" is never safe and bodyguards can only do so much if your "friends" set out to kill you. As a matter of fact, is it possible David Rockefeller is NOT REALLY DAVID ROCKEFELLER? Oh, they couldn't do that? Look most closely at a few others--like Mr. Gorbachev from visit to visit and check out the possibilities. James Bond 007 scenarios are NOTHING compared to fact.

The following has been widely reprinted so, hopefully, many of you will have already read it. It is an "Essay" by William Safire, and was recently featured in London, dealing with the situation in Canada but written for the U.S.:

QUOTE: ETHNO-CENTRIFUGAL FORCE

The federation that is Canada is pulling itself apart before our eyes.

Russia's empire, long unnaturally bound as the Soviet Union, is breaking up: the occupied Baltics are leading the way, to be followed by the Moldavians, Ukrainians, Uzbeks and others seeking a return to national identity.

In Central Europe, Yugoslavia's Croats want to shake loose of the Serbs, and the Czechs and Slovaks want to go their separate ways.

With the notion of "union" -- the political amalgam of different peoples -- so obviously on the way out, why is the United States laggard? What's so sacrosanct about the States being United?

Little more than a century ago, we almost led the way to orderly disunion; only Lincoln's belated moral hang-up about slavery kept us from setting the world standard for sensible reorganization along common-interest lines.

If the criterion for union is a common language, like-minded moral values or economic self-interest, the time is at last ripe for peaceful American disunion into three happy, self-contained nations. They are:

1. *Bosnywash*, the corridor of power that is now isolated in our Northeast. Communicative, financially powerful, rust-belted, its liberal patois permeated with a sharing-caring vocabulary, this section already considers itself a stand-alone community.

2. *The Confederacy Plus*, no longer limited to the seceded states of the past, would extend out to southern California and down through the post-Castro Caribbean, with English its second language.

3. *God's Country*, the Great Plains, the upper Middle West, to its capital in San Francisco on up through British Columbia, the Yukon and Alaska -- soon to be the world breadbasket, preaching interdependency and standing fast against the global warm.

Wars among these three logically sovereign countries would be unlikely because their ethnic and racial divisions would be outweighed by a need for a common market and defense against predatory European and Asian regional associations.

Sentimental anti-reformers will prattle about "the mystic chords of memory" that join these self-evidently separate nations. But if union is to be decided on the basis of cultural identity and language, economic coherence, and religious or racial predominance, then separation is the wave of the American future.

Before rushing into this, however, we should consider another possibility: that the criterion of union should not be exclusively racial, religious, cultural, economic or philosophic.

Pierre Trudeau, who tried to save Canada, bitterly cites Lord Acton on the danger of narrow-based nationalism: "A State which is incompetent to satisfy different

racers condemns itself; a State which labours to neutralize, to absorb or to expel them is destitute of the chief basis of self-government."

That's worth chewing over. What are the ties that should bind a nation? What is the modern purpose of union? What justifies reuniting West and East Germany that does not justify Russia's union with conquests of the Soviet empire?

The central purpose of a modern union should be to insure following the expressed will of the majority while protecting the human and political rights of minorities.

Size of population or contiguity of land has little to do with that purpose; diversity and ingrained tolerance for the seeming nuttiness of compatriots is all.

Thus, a country-to-be built only on cultural identity (Quebec, Kurdistan) -- like a country fixed on a majority religion, or one dominated by pride or fear of race, or gripped by a messianic political philosophy -- runs the risk of xenophobia. Nonconformists are outsiders, outsiders are outcasts, and the single-purpose union is surrounded by feared strangers.

If personal freedom is the goal, here is the score card on union: The unity of the alike is dangerous; the unity of the diverse is safe.

Of course, unionizing the diverse can go too far -- leading to the autocratic excesses of empire or the fuzzy impotence of world federalism. The trick of establishing a union to enhance individual freedom is to find peoples of differing backgrounds who -- by their history, education or exhaustion -- are agreeably disposed to pluralism.

Using these criteria, you know what would be a terrific country? Combine *Bosnywash*, the *Confederacy Plus* and *God's Country*; invite in those neighbors, north and south so inclined -- and call it the United States of North

America.
END QUOTE

You may need to ponder on the above before the value is digested. What will you do with wondrous America if you "save" her? The most vile and racist actions are taking place right in New York City--the blacks in an all-out effort to get rid of the Asians (Koreans, Vietnamese, etc.). Well, if you don't get your Constitution in operation all the rest is purely speculation. Perhaps the black AND the Asians are ready to join together for a cause that will produce freedom and equality of man. Who knows? Stranger and more wondrous things have happened in the presence of God.

I want you to also pay close attention to the Keynote Address at 'Freedom Call '90' by David Horton, Legal Counsel, Committee to Restore the Constitution, July 22.

Nevada has some credible experiments in the mill. They plan to strategically regain some segment of control of currency and at present the proposal is for Nevada to issue a one ounce twenty dollar silver coin that is a legal tender for all debts, public and private, in that state. You see, it is a remarkably innovative point of example--for Nevada would circulate this and Nevada would make a profit of about thirty-five million dollars. For, this is non-tax government revenue that monetizes two and a half million ounces of silver, the circulation of which in the Nevada economy is estimated to support five billion dollars of business annually.

It is a wondrously fun plan and should cause a flap heard around the world. However, it may well be squashed as was the Texas effort to secede from the Union some years back. You see, Texas came into the Union by treaty which is annually renewed, SO--SECEDE! Unfortunately, the point was not to aid the Texas citizen but just the "big boys". The "big boys" of Texas efforted to have their own "Texas" monetary system, corner the silver market, etc., all bound up with the Hunts and Connelly and you see what happened to the Texas economy! It still hasn't recovered from the blow and to "make up" a little bit--the "Union" has given Texas "rights" to a humongous "super-collider", plans to store some

of the nuclear powerplant plutonium cores in the biggest aquifer in the country and all sorts of other little doo-dads to "help them". Deaf Smith County might well end up to be "Dead Smith County". Oh yes, it goes on and on and on--RIGHT IN FRONT OF YOUR FACES. SUPPORT NEVADA!

CORNERSTONE OF FREEDOM AND THE CONSTITUTION

I am going to outline a few things herein from the recent detailed Journals. Our intent was to get the Journals dealing predominantly with the subject of Constitution, Taxation and Federal Reserve to print at least in major portion by the July meeting. We have the Federal Reserve ready to send to the printer this weekend and it should be ready by July's end at latest. RAPE OF THE CONSTITUTION is release ready next week followed shortly by the Journal dealing with Taxes, YOU CAN SLAY THE DRAGON. The "Federal Reserve" Journal is THE NAKED PHOENIX. You have available many resources for action, if you will be attentive, join hands and MOVE.

The Declaration of Independence for the United States of America is the corner-stone of your Constitution. Those two documents constitute the lawful government for the United States of America--and only those two documents.

The Founding Documents were divinely inspired and higher presence attended the writing thereof. I, for one, was present. They compile the protection of your inalienable rights; are the birthright of your posterity; and there are NO "LEGAL" MEANS FOR THEIR TERMINATION!

The major problems in America this day are the result of planned, orchestrated and functioning violations of those documents. Some actions are through simple ignorance but most violations are totally deliberate in substance. You are in a real mess. Freedom is not "free" and this recovery requires cooperation between already organized groups of action within "reason" and ones willing to stand forth in reason and work in alliance.

As with all things secret, the secret must be brought into the con-

sciousness in open laying forth, confronted in truth as to the "facts" and then the problem is three quarters solved. As with our input, the public is geared to believe anything thrust in front of them--i.e., papers, television and most certainly the "magazine news" TV segments. Who is ready, this week, to believe that the African National Congress (ANC) is a rebel force of terrorists, bush raiders and street agitators led by communist ideologues? Nelson Mandela heads this group and, brothers, 25 years in jail does not an angel make. Is Mandela a terrible man? No, he is simply a fanatic who "identifies communism with freedom" in his own words.

As Mandela was being set-up for his tour recently, the White House quietly ordered U.S. national security agencies to hide and "submit under no circumstances" the files on both Mandela and his movement (organization).

I remind you ones: The "Order" is out to depopulate Africa and take the richest precious metals/diamond and natural resource source on the globe. And, for you who like clues--the price of gold has been dropped recently while at the same time beneath the wave of jubilation the mines are slowly being shut down in Africa and other places. The price of gold is now slated to rise in the months ahead and could go as high, through manipulation, as some \$5,000/oz. Ridiculous? Of course! Who said politics was not ridiculous? Further, the U.S. Stock Market is now manipulated to suck all you investors within the investment center--into the market--and it will be pushed up artificially probably by some 5-600 points and then when you are all waiting for the next day's rise--boom; private devastation--just as planned. If you of our readers desire some input along these lines, I suggest you contact George at America West, or E.J. Ekker, 805 822-0601 and inquire what is being done in behalf of the projects funding, etc. This is not "investment advice", it is merely in response to the continuous inquiry regarding participation for man is rewarded for contribution--not simply give and forget. We have no intention of allowing our work to fall prey to the money grubbing tactics of the foundations. We do that which we preach; not practice and practice and practice that which brings personal rewards through the

preaching.

Can you lose on such participation? Of course, if enough racket is made about it to call attention. The course is set up to facilitate the "big boys" gaining cash and gold for the long dry period of depression. USE THAT WHICH IS SET UP FOR THE "BIG BOYS" TO FULL EXTENT OF THE "LAW" FOR IT IS THE ONLY WAY YOU SHALL HAVE ANYTHING. THE INTENT IS TO STRIP YOU THE PEOPLE OF EVERYTHING SO THAT YOU CANNOT FIGHT BACK. YES, CONGRESSMEN AND LEADERS HAD BETTER HARKEN, FOR THEY AND THEIR FAMILIES WILL BE JUST AS HUNGRY AND VULNERABLE TO THE "MACHINE" AS ANY ONE OF YOU THE PEOPLE.

FACTS AND NOT OPINIONS

You must do your homework for it is imperative to acknowledge facts and not manipulated "opinion". Further, stop instantly of your blaming this one and that one and then the other. Accept the "blame" for your plight squarely where it belongs--on yourself, and then you can see through the fog and into that which YOU can do without distractions of blame placing.

You must take responsible action and stop kicking the dead dogs--or even the live ones. At some point I shall be telling you that all four Rockefeller third generation brothers were killed--David is not THE David. I will also tell you that Henry Kissinger was killed in an air collision immediately following the death of Nelson R. It threw the Cartel into a panic and it was a massive program to find and train his replacement and finally, the projected reason for his and Nancy's disappearance for a long period of months was attributed to a "stress" vacation/honeymoon, etc. You will note the marriage failed--to get Nancy basically out of the public picture for she flubbed her lines over and over.

What does this mean to you at present--NOTHING! We will unfold these things for they certainly do have impact and you must know the extent unto which your adversaries have gone but do not distract by sitting and pondering and wondering and stewing--you must act in concert and get that convention stopped and your na-

tion back into your control.

Well, who will have the "Big War"? It will start between the big Cartels of the bankers and the Zionists Khazars. One wants all the material gain of the world, the other wants that and the total consuming rule of the world. Neither are of the God of Creation--they are the hands and feet of the King of Destruction. Forget Jews, Gentiles and Pagans--Satan is orchestrating the game and you got sucked within. If you turn to God whose Hosts have been sent, you will yet prevail. As I repeat and repeat, it is up to you.

PREVENT THE CONSTITUTIONAL CONVENTION

Number one on your list is STOP THAT CONVENTION. Find out what is going on in Louisiana that could become a sweeping fire across the country--they have three bills and they have to do with limiting the amount of time that a member can spend in Congress. Please, do your homework--I cannot write enough to tell you all. Get those bills before leaving committee and let us unify.

Next, surprise indeed, you must stop the U.S. Senate's continued abuse of treaty power to ratify documents that are not treaties. Documents, orders and declarations are being pushed through unlawfully and this is used to effectively dismantle your nation and transform your government by ratification into a nation-state of a world dictatorship.

Following that, is economics. You must demand a return to the Congressional mandate of tending your money and get rid of the Federal Reserve. At the Convention the Federal Reserve will be given full rights "as if". Use your arithmetic, the usury system of money creation has allowed them to place you all in economic bondage. You only have about eight hundred billion dollars in circulation--all the rest is paper and computer exchange. That is a drop in the bottomless bucket against your debt of over thirteen trillion dollars and rising. Hold tight to one of your Supreme Court rulings: "The power to coin money and regulate the value thereof is *AN ACT OF SOVEREIGNTY*, and a power *exclusively vested in the Congress of the United States*, and we support that po-

sition and feel that the Congress should do as well."

All items are so important that it is hard to place them in order, but you must stop the movement to complete disarmament of the United States--we have pointed out the plans as laid forth. The plan is to have naught other than a world police force under the United Nations and headed, by law, by a Russian.

Further, regarding the U.N. You must take a stand and negate that which has been dumped on you as a commitment under Article 56 of the U.N. Charter to take joint and separate action to institute U.N. polices *regardless* of their Constitutionality. You are now forced, because of this Article, to implement policies in your country which have destroyed your independence and wiped out the intent of your Founding Fathers laid forth in the Constitution.

You must resolve the system of administrative management superimposed over your Government that were your guarantees under Article 4 of the Constitution. What you have operating in the budgeting system is dictatorship. How many of you realize that the "Congressional Pay Hike" is totally unlawful under the Constitution, as set forth for Congressmen, etc., for themselves? But they did it, didn't they? Who will stop them if not YOU?

STATES RIGHTS

You must have a return to State's rights and work through your state legislatures--YOU THE PEOPLE MUST REGAIN CONTROL. You are dealing with people at the highest levels who obviously did their homework and found the explicit path to numbing your brains and "assuming" power. You must begin to be informed as you are called on to function on juries. Stop declining your "right" to serve as a juror; know what the juror's responsibilities are and act appropriately.

You must stand forth and require political accountability and judicial return to the "LAWS OF THE CONSTITUTION" and put bindings on the lawyers who are bought and sold like commodities on the market and sustained through corruption of almost total magnitude by the judges

in their black robes of the "Black Robes Club". "White" is the color of justice--black is the color of evil--which do you witness in your profaned and biased courts of no-law?

You must step forth to counter this at even the lowest of levels for there is injustice even at the lowest level of court system. If you have no money for support of such, petition others to assist and if nothing more can be done continue to file suits against all who act against you in that judicial system--sue every lawyer who possibly touches your case, then get the judges unelected who are bigoted or biased and uncover every act perpetrated through collusion--SOMEONE OUT THERE CAN FIND OUT ENOUGH FACTS UPON WHICH TO TAKE ACTION. Do I guarantee a win? No, but I do guarantee that you will be very little worse off and will learn ways of protection of assets which will not allow it to happen a second time.

This is why I am pained that the Las Vegas meeting was usurped for partially personal intent for you need to know HOW to implement these things which we point out to you for action.

Find out who, as a for instance, took a stand against the \$15.8 billion foreign aid bill. In the House of Reps, 117 voted against the measure. Find out about Rep. James Traficant of Ohio. Traficant has sponsored an amendment seeking a ten percent cut, across the board, no exceptions, in the final amount, whatever it would be. It is a start and a journey is completed by STARTING! William Dannemeyer of Calif. and Patricia Schroeder of Colo. solidly support Traficant.

Dannemeyer asked if taxpayer money had been expended to cover the costs of the recent U.S. tour by African Black agitator Nelson Mandela--he was never given a response. Of course your money paid for the entire tour from take-off to landing and God help the Indians in America if Mandela follows through with his intent to "come back and help organize the Indians" in America.

An interesting aside to this subject in point. Rep. David Obey of Wisconsin, chairman of the powerful Foreign Subcommittee of the House Appropriations Committee, has long been a

most outspoken "pusher" of foreign aid--especially to Israel. Trafficant demanded to know which countries receiving American largess over the years have purchased U.S. treasury bills or other instruments of your national debt. (Israel, unlike all other recipients of U.S. Foreign aid, receives its annual \$3 billion allotment IN CASH, which is then deposited in banks and money market accounts to gain maximum interest.)

The question was not even acknowledged. Obey talked on and on about the "great leadership" role of America that "requires you to do some things which occasionally are a little difficult, which occasionally cost a little money", but never responded regarding the \$15 plus BILLION of aid. So what happened--they dally with a 2 percent reduction overall and moved on to "important business".

TRUTH ON ECONOMY

Before closing this I must point out a few truths which, even though spoken of previously, bear reminding.

Every dollar in America, both currency and checkbook, is borrowed--except for the \$450 million issued by Congress during the administration of Abraham Lincoln, in U.S. notes, and the demand notes totaling a value of some \$60,030,000 issued earlier in his administration, and a quantity of U.S. notes authorized to be issued in post War Between the States years.

Under the act of May 31, 1887, which has never been repealed, the government is mandated to keep \$322,539,016 in U.S. legal-tender notes in circulation at all times. This excludes coins which are issued by the U.S. Treasury--hence the blast against the Anthony coin--no interest was paid to the bankers and you know the demise of S.B.A. coins.

"Interest" is rarely discussed with any sense at all--avoided like the plague. Well, it is the single most important factor in your economy. In any budget, individual, corporate or national, paying interest has to be the first priority or you have bankruptcy.

Translate that to the national budget and you see that the interest bill has to be paid before welfare, Social Security, even before that legalized robbery known as "foreign aid" or na-

tional defense. If it isn't, the roof comes tumbling down and the sky falls in. The creditors foreclose--whether or not the money they lent is "funny".

Further, sooner or later, interest must be paid out of income so if interest goes on up--so must real income. What do you suppose Uncle Sam owes in interest yearly? Somewhere around \$1.69 TRILLION. I think I don't need to further confuse you with the amount between that annual \$1.69 trillion (and growing), and your national income--there are no slaves to clean up after you get sick. The national income has declined because real income comes only from real things created by factory and farm. Real income cannot come from so-called service industries nor from your pathetic "service economy". Nor does it come from taxes, legal or illegal.

CONCLUSION?

Interest up, income down. The conclusion is clear in spite of minor fluctuations. When the total interest of the economy comes too close, or is actually inverted, to the income generated by production to pay that interest--the result must be BANKRUPTCY! YOUR WORLD IS BANKRUPT! Some have warned you about this and some are now dead and gone from your dimension for so doing. I honor John King Sr. who paid the price for his efforts--he has been physically removed; he recognized our presence and protection too late to prevent the transition. How many more of your truth-sayers will go before you, as a nation, hear and respond with unity of purpose and get the job done? We are sent forth to assist if you will but ask. So be it. Saalomé.

The compound interest phenomenon has been called the "eighth wonder of the world"--it should be called "no wonder!" (the world is such a mess). The enslaved entities rarely even know they are enslaved by it. Why doesn't the media tell you this? Come now--that elite hand-tool tells you exactly that which is intended for you to accept and the "Warburg" enterprises are buying up even the little independent papers to silence any possible leaks of such information. Support the daring printers who will continue to bring truth unto you. It is

as with the "LIBERATOR" of old, it will be through the word that the world is changed. AHO!

7/15/90 HATONN

In your associations and close attachments there appears to be collision instead of coalescence, often times. Rise above it and recall the focus of your task and you shall be fine. In any placement--if you are doing your mission purpose--it will differ from another's thrust. You are each here for differing purposes and just as I would never suggest that ones in the Service of God mold his or her project to be the image of mine unless that is the purpose of its creation, neither shall I yield command to those who would demand that Hatonn change direction. My purpose, as is the purpose of this local group, is to get the word of truth out to the masses in the shortest time span humanly possible with instructions for action as you become informed. Does this mean I denounce another's work? Most certainly not, for no man is given to know the contract of another.

I will, however, give time for insight and discernment unto ones who stand with me in service, that you might look most carefully at that which comes into your space. No, I will not let you down by succumbing to petitions to stop giving forth truth because I "disturb" the consciousness--I AM EFFORTING TO DISTURB THE CONSCIENCE! Ones who dislike my truth-bringing may choose to not read the material, denounce the material and/or crucify the truth bringers--it is each to his own, but we shall not relinquish our commitment to soothe the ruffled feathers of ones who are simply learning to "ascend" in some manner or another. Waiting to ascend will simply insure your enslavement and physical death. If all you desire to do is "ascend" you have missed the entire purpose of your experience into manifested substance--for THAT IS THE PURPOSE OF THE EXPERIENCE.

I wish that every reader, every seeker would have access to every writing as they are now coming forth from several receivers but all in one focus of direction. I would desire that everyone who cares, would have a set of tapes from every meeting for therein is where we cover the spiritual as-

pects and sort the rot from the ripe. But, we work with that which we have and as we have more, we shall put to print or tape these things that all who would choose to so-do could have access. However, to simply sit and listen or read is naught--if not followed by positive action, it will gain you nothing. If ones would read and re-read within the presence of the Master Teacher the perceptions would come clear and we are most happy to clarify else but we are limited to the numbers who hear the responses so in this time of information bog and human limitations, sometimes the response in physical format must wait. We do cover so much in the spoken discussions which are brought forth from the letters and writings but we remain limited by the physical time burden as well as the financial allowances.

I have had several requests within the last week or so regarding Africa--specifically South Africa--that I shall respond in general manner herein. I have already spoken of the natural resources but there is something else which I would be remiss if deleted from this message. Remember: in the closing cycle of the latter days, there would be wars, brother will turn against brother, family against family and chaos would reign upon the lands. Races, creeds and colours will clash and strike out against one another and blood shall be spilled upon the lands and the rivers will run red with the blood from the battles. **THE TRUTH SHALL SET YOU FREE--NOTHING SHORT OF THE WORD OF TRUTH. IF YOU KNOW NOT TRUTH AND HOW THINGS ARE, YOU CANNOT TAKE ACTION TO RESTORE ORDER FOR YOU DO NOT KNOW WHEREIN LIES THE CAUSE. THE DECEIVERS HAVE INTENTIONALLY MADE YOU PEOPLE OF THE LIE AND YOU HAVE ACCEPTED IT. NOW YOU MUST SEE WITH KNOWLEDGE AND ACT WITH WISDOM SO THAT YOU CAN RESTORE "ORDER" AND GOD-NESS AGAIN UNTO THE LANDS AND PEOPLE. YOU ONES HAVE COME FORTH TO EXPERIENCE THIS TIME OF TRANSITION AND REVOLUTION AGAIN INTO GOD-NESS, I PETITION YOU TO NOT OVERLOOK THE GIFT OF THAT STATUS FOR THIS IS THE CHALLENGE OF**

CREATION.

To find your leaders within the places of Satan you must look beyond and behind in the quiet groups and join together. You will find more chaos and fragmentation, violence and bloodshed by joining with the ones thrust forth in the name of goodness--they do not function in behalf of goodness; they are actually sent to pull you into division. Whatever the intent, for instance, of a Mandela--he creates chaos and derision; why, for instance, would he feel compelled to come and "organize" the American Indians? It is to cause more rebellion, violence and rebellion. You must look beyond that which appears obvious for the obvious was placed there for your deception. As order and control is reestablished in the new continent of America, it will spread across the lands like the Serengetti wildfires. Mankind is sick to his central being of the hatred and chaos. His inner being longs to become one again in the peace and order of God.

KNOW that wherever you are in geological location, as the books come into attention and you are touched by them--they are for you, for all must BEGIN somewhere and move outward and it will need begin where there is opportunity to make the most impactful change. You do not need live the prophecies of an Armageddon, rise up and demand that it not be, take action back into the laws and justice of God and you need have no Armageddon. That lie is thrust forth to render you, as a species on Earth, helpless and fearful and keep you in control while on the death march. The cycles will change, yes; the topography will change, yes; but mankind does not need be sucked into the pit with the vipers.

To the blessed ones at the Book Centre in Johannesburg--hold to the truth, beloved chelas, and wait upon God and He will allow you to see purpose. You must learn to endure the pain of the moment lest you be distracted and unable to fill thine duties at the critical moment of purpose. Ones of the suffering and enslaved masses of the planet are destined to wait until your spoiled and mesmerized American brothers awaken to the blunt facts of the plight for it must begin in America where the Constitution was written with the

participation of God and in balance with the Laws of Nature and universal truth. Slavery itself, was a lesson and a task for man to rise above; both for the enslaver and the enslaved--man above and against his brother is not of God and will never ultimately prevail. It seems that mankind must experience before he can learn and, therefore, accept the "what is" and glean from the "experience" all that ye can reap for that is the purpose of the manifestation in physical format.

PANAMA

Ones seem to never tire of the Panama "Freedom Invasion" of the Bush "Fiascoes". Allow me to set some blunt and hard to accept truths to print herein; there is little left to slay Dharma over, we might as well tattle on the deceivers in fullness that you the people might "really" see the whole of it even if it comes forth in tiny bits and pieces. You will find truth seeping through in stories intended for other purpose. As a matter of fact, the Los Angeles Times exposed the Bush family involvement in Panama because of links with the Marriott enterprises.

The family enterprises are handled by brother Prescott S. Bush, and Bush funds are laundered through a Japanese firm which goes by the name of Aoki Corporation. Prescott is a *MAJOR PARTNER* in Aoki Corp., not just a little minor stockholder. He is one of the ones who sets the policies of the firm. Does Grandmother Barbara know about these things?--come now, the family has multi-millions of dollars and that is the point of the Panama mess.

Prescott and Aoki Corp. have invested more than \$350,000,000 (million) in Panama, and their holdings include the famous Marriott Hotel around which the firefights raged in the news. They own a luxury resort on Contadora Island known as Caesar Park. Think back and you will recognize the place; that was where the notorious "Peace Conferences for Central America" were held from which Oscar Arias, the former President of Costa Rica, won his Nobel Peace Prize. This Nobel Peace Prize has never been given to anyone who is not either a Communist or Totalitarian Socialist--no, YOU go look it up.

Bush has never admitted a family commitment of capital to Panama. Financial disclosures are required by law and yet, like so many other requirements, are somehow different for the elite. This business was not even put into a blind trust. In addition, the Bush Family, having multiple millions invested in Panama at the same time that extensive negotiations are going on with Noriega is a most serious breach of ethics sufficient, in itself, to initiate impeachment of Mr. Bush.

Under lawful law practice an independent prosecutor would certainly be called for to investigate the involvement. Why has there been no investigation? Dear ones, the economy rises and falls with political climates. Panama, unlike Costa Rica to the north, is not beautiful with a delightful climate. It is not one of those places the usual tourists go for an annual vacation. These resorts are there to supply the needs of the wealthy who go to Panama to handle international financial dealings, and the more money that flows through Panama, even drug money, the more valuable the properties there are going to be and the more money will be made on those investments. Even the "U.S. Aid package" is to protect the Bush Family investments.

This is why Bush hand-picked Guillermo Endara, who is a Director of a Panamanian bank used *exclusively* by Columbian's Medellin drug cartel. Do not be naive and project that anything changed with the sacrifice of the thousands of people in December, 1989/and 90. "Just Cause" should read "Just Be-cause!". The Bush hand-picked Vice President, Gullermo Ford, is also the Chairman of the Banking Commission of Panama. He is also part owner of the Dadeland Bank of Florida which was named in a court case two years ago as the central institution for the drug cartels.

The Bush hand-picked new Attorney General of Panama is Rogello Cruz, and, according to one of your "slips" in the *New York Times*, is one of the bosses of the Cali drug cartel of Columbia. Oh yes, your President and colleagues are over their eyes into the drug business around the world. Bo Gritz can better inform you about the dealings in the Golden Triangle and opium trade.

Oh, I almost forgot, Noriega, in a play for power--but not a very big play--thought he would just "nationalize" Mr. Bush's property. However, the obvious intent of the "game" and nature of the playing is that Noriega was protected in the Vatican Embassy, the Canal was untouched and Noriega could have blown it up in 10 seconds--a good military man starting cold could have done it in 15 minutes. WAKE UP WORLD, THE COFFEE IS BURNING.

AFTERTHOUGHT

Drug related chemicals are under constant discussion. Funny thing about those chemicals, the U.S. based oil companies who produce and ship those chemicals for drug production aren't regulated in the shipment of chemicals necessary for the production of those illegal drugs. Two of these chemicals are Acetone and Ethyl-Ether. The oil companies whose chemical affiliates are Exxon, Chevron and Shell (all nice Cartel affiliates), are sending these chemicals into Latin America with the full knowledge that this is the ONLY commercial purpose there.

George Bush *has refused to sign an Executive Order prohibiting or limiting the shipment of these chemicals*. PRESIDENT BARCO OF COLUMBIA EVEN DEMANDED THAT BUSH STOP THE SHIPMENT INTO HIS COUNTRY OF THE "DRUG CHEMICALS". The leaders of Peru and Bolivia have also demanded that these drug making chemicals, originating in the United States, be stopped--it has NOT. Further, they demanded that the arms and assault weapons used by the drug cartels, be stopped in shipping for ALL THOSE WEAPONS come via the U.S. or indirectly through third parties FROM THE U.S.

ON THE HIT LIST

Of course we remain among the top names on the "hit list" but there are others and they must be protected. One such target is one called Nord Davis, Jr. of the NORTHPOINT TEAMS, PO Box 129, Topton, N.C. 28781. Some of these dedicated ones will continue to lay their necks beneath the blade for as long as they can. You will either rally as a nation and help them or the penalties of in-

action will rest heavily upon mankind until the ending of his span.

I have no further space in this document for further discussion but we will continue to fill you in for it is all quite obvious if you know where to look and at what. For instance, there is much to discuss regarding the Common-law right to possess cocaine or marijuana for your own personal use. Until there is a "victim", there is no crime. The drug "war" is a farce--the purpose of the drug proliferation is staged and caused to cover the preparation for the New World Order. I shall attempt at a later writing to outline how the system works, i.e. off-shore money and silent corporations, etc. DEAR ONES, YOU **MUST STOP THE FOOLISH DROOLING AT THE FEET OF THOSE WHO HAVE FED YOU POISON LIES. USE THE TOOLS THEY USE IN LEGAL FORMAT TO GAIN PROTECTION IN THEIR OWN MANNER, AND THEN TAKE ACTION TO RECLAIM YOUR CONSTITUTIONAL RIGHTS AND LAWS.**

I must close this or our formatter won't be able to squinch the print smaller and we cannot supply magnifying glasses with each Express. Bear with us as we effort to give you the history of past, present and perceived future all at once. Blessings of God unto you precious lambs--may we walk together through this treacherous journey back into light. Salu. Reach out across the seas unto your family and neighbor across the way for the world has indeed, grown small and each has unmeasured impact upon each other. Honor thine placement for you are THERE FOR A PURPOSE. SAALOMÉ
