12/30/90 HATONN

TODAY'S WATCH

Salu. May we hold uppermost our Holy mission--in God's service toward balance and truth. Hatonn.

As you ponder points this day, let me ask that you consider some three aspects which may SEEM as nothing. However, as your administration pushes for power and control, you might overlook them in the confusion.

MORE RESERVES CALLED

Are you impressed that the "honor guard" marines are called up and being sent to Saudi Arabia--"the first time since 1906 such a thing has been done"? You aren't even in war; why would Bush and the Pentagon do such a thing? Why do you think the Military "Society" is a "PENTAGON"? You had better pay some closer attention. Do you think that those precision marching Marines are going to go save the cause in the Middle East? This is all hype and hoopla so that you blind lambs will miss the important points. You, further, do it during the Holiday Season so that ones are forced into patriotic frenzy to live with what you are allowing and know not how to stop.

You are dangerously close, now, to having a mandatory call for Executive Emergency Orders. While the attention is focused on distract-

tors, more reserves have been called and will leave for Saudi Arabia within a couple of days. It is truly coming quickly for, even if there is no war, the mere calling up into active service, these reserves, will lock you into unending Executive Orders for Mr. Bush can leave the peace-keeping forces in action and the powers he will have assumed will require a full act of Congress to UNDO! This is where he is headed; he doesn't care about the war--JUST THE *THREAT OF WAR*. How could it be that this "wimpy man", as you ones called him, (just as you do DANGEROUS DAN Quayle) could prove so lethal? Because you-the-people had to be unsuspecting of that which was intended to come down on you--you are thusly into the trap before you realize that Mr. Bush is in no manner a "wimp". Neither will Quayle be. Quayle is just a "pretty face" now--but, if necessary, he can be programmed into as great a tyrant. You do not need a powerful PERSON in these slots because the one in the slot does NOT run the country! The shadow government rules the country and they come from the commissions, organizations and adviser categories whom most of you do not even know labels or titles.

Quayle becomes "perfect" for his job--now or later--for he has no opinion of his own and will do the party-line without thought or conscience. You stand on the very edge with one foot already into the

abyss. *Mr. Bush is trying to get the job of power control prior to the Congress convening next week. You see, he has the advantage for this is the way Congress works: The Congress convenes and then takes another recess before calling to sessions for the regular session. This allows Bush and his cohorts to glean the information they need prior to session and make last minute changes or speed-up to the plans. If, in the interim for instance, you have a major incident (as you will), the President can invoke Emergency Regulations at any rate--and you are trapped, for they have you covered in several differing aspects. Mr. Bush can call Emergency Regulations and Executive Orders actions on the Economic Emergency front, he can call up another couple of thousand reserves and the same is MANDATORY on the "national defense" front--and/or war incidents that call to total alert or involvement on any number of fronts in the Middle East--including the actions between Israel and Palestine (they are setting it up right now--this day).*

TAXES

"No new taxes?" Oh dear friends--this is primary, number one reason for setting the deadline date for war at January 15th. There will be an incredible "sur-tax" and it will be based on 1990's earnings and it will be too late for you sitting

ducks to do a single thing about it! This is why all industries are struggling along to hold employees until the first of the year--so that you can't claim loss or unemployment or any other defense to save your money, no matter how badly you may need it for your own survival.

I would hope that the ones in my close circle will act on Monday. I realize that it is New Year's Eve--**BUT IT IS YOUR LAST OPPORTUNITY TO COME INTO ANY TYPE OF SHELTER FROM PRIOR ARRANGEMENTS!** George, I know not how to stress this firmly enough for those who sit on their funds. It would be better to transfer them to an Institute or business investment and then recover the funds later than to simply sit and wait--for I promise you this: the government will find the "middle man"--who pays the bills--(and now can't) and they (government) will have enough power, in fact, to go for the ones who still have ANY money at all!

* * * * *

Get all accounts OVERDRAWN and into security before midnight Monday, if you do nothing else all the whole day! Get the funds MOVING! Check into "purchasing" services, commodities from all corporations in which you would be doing business--NOW! There is no sum too small! Move it out--savings will ultimately be confiscated.

JAPAN

Japanese lawmakers have denied further support to the Middle East and now Kaifu is in his last struggle to rally further support for the U.S. The Japanese parliament is beyond "angry" because not only has Japan been placed in an awkward position but the cost of their fuel has risen astronomically when

they had no problem at all prior to Mr. Bush's insane move. The world is with Mr. Bush's U.S.? **NO, THEY ARE NOT!** You have now run every nation in the world into incredible extra debt and expense and made the cost of oil so high in the nations that the countries must go into further debt to the World Bank (Banker's Cartel Trilateral Commission) just to keep the countries functioning in any basic manner what-so-ever. Now you plan to pull them into economic destruction by way of **WAR!** Can you not see how the plan has and is working to the evil perfection? Plus, if pushed into war, you get rid of the only defense you have, as a nation--your military commands. **SATAN PLAYS A WICKED HAND OF POKER, DEAR ONES! AND FURTHER, THERE WILL BE NO MERCY--HE WILL PICK UP THE CHIPS AND CASH THEM IN AND YOU WILL PAY FOR THE CHIPS IN ADDITION TO ALL THE EXPENSES INVOLVED IN HOLDING THE "GAME". DOOMY/GLOOMY Hatonn?** Yes, indeed--I have pleaded with you for two years to wake up and smell the coffee and burning toast and you throw rocks, guns and knives at the "alarm clock". Will I say "I told you so"? Probably! But I would far rather you open your eyes and then we can stand together and say, "Look, WE DID IT! WE SAVED OUR CONSTITUTION AND OUR NATION!" In the process of doing this for self in this nation--you can pull the whole of the world back into security!

I suggest, Oberli and GG, that you consider setting up another resource or two with fiscal year ends in Spring or whenever--then move all funds out and into their safety net within the next very short period of weeks. The important thing is to get funding out of the confiscation situation and then move it out and into various operations of full and legal service

prior to announcement of sur-tax. Gold held as collateral against notes will be the last confiscated for it will be considered collateral and therefore will not be considered personal property! Ponder this point carefully--**AND QUICKLY (LIKE WITHIN THE NEXT HALF HOUR!)**. It is not too late to make calls this day and tomorrow if you begin to act instantly! If you ones cannot turn into the helping of your brothers NOW--then WHEN? Will you wait for action until the horses are gone, stolen and/or shot?

By the ending of 1991, dearly beloved, ones will be pathetically wallowing in self-pity and blaming you that THEY did not know! So be it--be gentle and firm and always remind every ONE that it is never **TOO LATE--UNTO THE TWELFTH HOUR!** Do not allow the wasting of your time for you have none to spare.

What do I suggest for immediate action--like today? If ones are in "trusts", CD's etc, they might consider making "revokable" exchanges on Monday and then as quickly as possible take care of dissolving the "public" resources which are there for the confiscation as with treasure maps **AT THE VERY EARLIEST POSSIBLE MOMENT FOR DOING BUSINESS.**

The administration will act immediately upon calling into play, the regulations. So, you who have tarried--prepare for a mere few hours before action is taken--**IT IS FOR THIS MOVE BY ADMINISTRATION THAT THE FRACAS IN THE MIDDLE EAST BEARS NO CURRENT, SEEMINGLY, POSSIBILITY OF SETTLEMENT! YOU ARE IN THE NET LIKE FISH AND FEW WILL "GET AWAY"!**

Won't this place our people in jeopardy? They are already shot at; why do you concern yourself?

But, in fact--NO, it won't because there will never be the slightest illegal or immoral act from this place! This is WHY all the lessons in so many myriad of subject matter and instructions for the proper functioning of the various plans to assist you in taking actions best suited for the best manner of getting through this mess. No, you will not go without the passage--but this way, some can at least MAKE THE PASSAGE.

I repeat--on the FIRST DAY OF JANUARY--ALL your savings, bank accounts and gleanings from the past which have already been taxed--CAN BE TAXED AGAIN--AN WILL BE!

Further attention: You can tell by the additional insane spending and give-aways--the incredible expenditures, that the Fed's have absolutely no intent of ever having a monetary system--again--which functions as anything you have ever known. If they can't pull off total destruction through one route they will use alternative plans. They have a backup plan for wiping out all currency and that must follow collapse in total to be effective.

I WOULD CONSIDER THIS THE ELEVENTH HOUR CALL, FRIENDS--FOR THE NOOSE PULLING IS AT HAND AND SATAN HAS HIS HANDS ON THE OPEN CONTROLS! How many will listen? Few! How many will act? Fewer! But, precious brothers, you will have fulfilled your service in honor. So be it.

WHAT OF THE ROYAL KUWAITI SABAH'S?

In closing this current events portion, please consider another point being thrust at you--in behalf of those poor, suffering, displaced Kuwaiti Royalty living in the most luxurious facilities in the Middle East--and, that is VERY luxurious

indeed! What does the Emir say? "We are able to continue to live in this luxury because we prepared! We took the money OUT OF KUWAIT AND TRANSFERRED IT OUT OF THE COUNTRY!" That should tell you ALL YOU NEED TO KNOW!

Close this portion please. Take if off the equipment and turn it over to Oberli and after you monitor it please return to the board for we need to respond to "New Zealand". I have a lot to say in regards to New Zealand and our precious friends down under. The Naval facilities are still intact and have been fully functional since the Falkland's catastrophe. The ships within the installation were removed and lost to the Cosmo-spheres but they have had all these interim years to rebuild and have done so. I shall respond to the inquiries for the questions come with such helpless inability to "be heard". Truth is going to start "falling" all over mankind--very shortly, we shall simply have to take the sequence as best we can until man begins to see for there shall never be force involved--that is the way of God.

Hatonn to stand-by. Saalome'

PLEIADES CONNECTIONS AND OTHER THINGS

I can't turn to Cosmic connections without continuing to inform you of that which is REALLY going on on your own planet. Why? Because the two subjects are so integrated and intermeshed that there is no actual way for separation. One cannot be discussed without need of the information borne by the other.

MISLEADING B-S!

I ask that you use wisdom because the misinformation and sedatives will pour forth as never before as

ones defend the lies they have already projected, the false speakers who have led them down the "primrose" path and the egos are unable to bear "being incorrect". YOU will have to become the discerning receiver! Example? OK:

Received by Dean S.

QUOTE:

Dean S. of Thornton, CO has received information from another channel that indicates Russia is controlling our weather, causing the extreme cold, and that the Russians are planning an attack against America. Could you provide any insight into the validity of this information?

REPLY:

Good morning, we are Andomus. We will attempt to respond to your inquiry.

We hesitate to say any entity is incorrect in the information they receive, however, for any channel, the present one included, there is always the chance of the information being distorted or not fully understood, therefore, it is always wise to evaluate any information carefully, logically, and intuitively as well.

With respect to the ability of the Russians to control the weather, we do not find that technology present upon Earth as yet. While the capability exists for it to be done, humans have not yet acquired the expertise of how to do it. Logically, your test of whether it is true or not would be to evaluate the weather in Russia. If they have the ability to control weather, would their own climate not be warm and balmy, with sufficient rainfall to generate untold bushels of wheat, beets, corn, and other necessary staples? Instead, you find the Russians are experiencing cold nearly as extreme as your own. The Rus-

sian economy can barely withstand such cold. Given that, would they not reduce their own suffering had they the ability to do so?

With respect to the probability of an attack upon the United States by Russians, let us again examine the facts from a logical viewpoint. Russia has extended the olive branch of peace to the United States. Was this done as a guise to throw Americans off their guard? Or was it a realization by Russian management that they could ill afford a war with the United States and it would be better to extend hands of peace toward the United States in an effort to assure that America would not attack THEM? The latter case is, in fact, true.

Internal turmoil within Russia, at present is so great, due to the attempt by Gorbachev to change the various States within Russia into capitalism rather than communism, that there are questions as to whether HE will survive. People are literally starving due to inefficiencies throughout the country, as well as a select few attempting to become wealthy over this conversion. Times with Russia at large, are most trying. You will see many thousands starve to death this winter simply because distribution of food is not being done properly. You will see much internal strife within Russia, but we do not, at present, see that internal strife spilling over into an attack on any other nation, most especially, America.

People will indeed push themselves to war within Russia, but it will be a war for distribution of the necessities of life rather than a war of aggression against any other nation. You cannot ask hungry people to attack a nation thousands of miles away when the needs are so great within your own back yard.

We hope this provides the insight you desired. Our blessings upon you this day, as all others. Peace

be with you.

Thank you very much. Do you have any other information for me this morning?

No, we know you are preparing for your departure, therefore, we will leave you to the many tasks you have to perform.

OK, thank you very much.

END QUOTE

I am Gyeorgos Ceres Hatonn in total service unto the Lighted Source of Creation--with one intent: to bring TRUTH as commanded by God within The Creation. By the way, one of the many labels for God-the-Deity, in your languages--is ATON. Guess what!!! I serve ONLY TRUTH, THE WORD AND THE LIFE!

WHO MIGHT THIS "WE" BE? ANDOMUS? I THINK NOT! I DO FIND THE ENERGY PROJECTING AS MUCH--I DO NOT FIND IT LISTED IN THE BOOK OF LIGHTED SERVANTS.

This scribe is NOT A "CHANNEL" as you ones have turned into the utilization of the term, so I suggest that the "channel" is not distorting the information nor does the "channel" misunderstand--she understands not at all! The information is MINE--and let there be no misunderstanding of this matter.

The Russians have complete ability to control storm systems and atmospheric flow currents. So does the U.S. if you could only get out into space with your toys. However, the Russians keep you out of the space in which to play your games effectively. You do have input but it is limited by the inability to function from far enough out in your atmosphere to facilitate control.

Why would the Russians wish to

control their own weather to make it balmy and warm? They function very well in that which they have and at some point the hope is to utilize YOURS. You think they need this to grow more wheat, staples, etc.? Come now--you who claim to be Andomus--the Russians have abundance of food rotting in the fields for lack of harvest hands refusing to pick it up. Grain is wasted by the multiple of tons in the fields for lack of harvest--where have you been, Andomus???? In addition, it is not the "cold" the Russian economy cannot stand, as you have worded the advice. Would they reduce their own suffering? No--the Elite who would control your planet do not concern with relieving suffering--they increase suffering so that the helpless come into slavery and total ability to control. The point is to reduce world population and some frozen bodies only help in their cause, pull world sympathy and glean more for the Elitists.

Extend hands of peace across the oceans to the U.S.? Please, one of you here, make sure the cartoon is included in this portion for it speaks untold truth! (See last page) Wherein Andomus' speaker says "The latter case is, in fact, true," IT IS NOT TRUE AND I SHALL BE MOST HAPPY TO CONFRONT THIS ANDOMUS (WHOEVER "THEY" ARE) PERSONALLY--THROUGH "THEIR" "CHANNEL".

The reference to internal turmoil within Russia is correct--the "reason for the turmoil" is total fabrication and foolish speculation and if you see no "spilling over into an attack on any other nation, most especially, America", you are indeed deceiving of your precious receiver and audience who depend upon your truth. Does Russia want war? No! Most certainly not--they would prefer to take the world without conflict--BUT THEY CONTROL SPACE AND WAR IS NOT THE POINT IN

ATTENTION--WAR IS SIMPLY NOT THEIR PRIORITY AT THIS TIME! IN FACT, IT WILL BE BECAUSE OF THIS POWER-STICK THAT YOU MAY SQUEAK BY WITHOUT A CONFLAGRATION, IF AT ALL. DO YOU ACTUALLY BELIEVE MR. GORBACHEV SENT AN AMBASSADOR TO MR. BUSH DAY BEFORE YESTERDAY TO DELIVER LOVE NOTES AND ROSES?

Now for the most ludicrous and truthful statement of the above quotation. You simply have the nations confused. Yes there will be turmoil and revolution attempts within Russia. But surely you jest about foreign conflict. In the U.S. you have over 3 million homeless people--hungry and unable to find work or shelter and yet, YOU SEND YOUR PEOPLE "TO ATTACK A NATION THOUSANDS OF MILES AWAY WHEN THE NEEDS ARE SO GREAT WITHIN YOUR OWN BACK YARD."!!!! So be it and selah!

The above is exactly the type of misinformation and distraction of which I so frequently speak. Why do these ones not ever test me in truth of personal contact? Because you ones accept the BS and go back to sleep within the lies. Believe that which you will--but the awakening into TRUTH is upon you and it is this type of sedative which will get you destroyed. The entire document is one of that which the Earth-bound human desires the scenario to be--NOT THAT WHICH IS! You readers believe whichever you wish--it makes no difference to Hatonn other than that I am sent forth to assist as many of you humans as will accept our presence--I ASSURE YOU--YOU WILL FINALLY COME INTO SEEING HATONN--YOU WILL NEVER COME INTO SEEING ANDOMUS!

POINT OF CLUES INTO THAT

TRUTH: NOT ONLY DID "ANDOMUS" ("WE") NOT IDENTIFY SELF--BUT MORE IMPORTANT--THE "CHANNEL" DID NOT INQUIRE! SO BE IT! "'We' hesitate to say any entity is incorrect in the information they receive..." How dare you come with information without daring to confront, test and SAY RIGHT OUT FRONT AND AT THE TOP OF YOUR LUNGS--YOU ARE INCORRECT--IF, IN FACT, THE POINT IS ACTUALLY INCORRECT? You know very well my projections are totally correct and in truth and you mislead your blind followers by your insidious facade of authority.

Oh, but Hatonn--you offend! I CERTAINLY DO HOPE SO!

WHILE I AM AT IT

Here is another one: This from one Prof. Dr. J.A. Carpentier de Gourdon. And if you believe that, you are already misled.

QUOTE:

Dear Ms. Stevens:

We are responding to your message and catalogue of publications that we received earlier this year, entitled "Red Alert" and introducing writings credited to certain Extraterrestrial Entities which carry Egyptian or Samskrtic names.

(Editor's note: we have reproduced the letter accurately without attempting corrections.)

We wished to tell you that we have for years written and lectured in academic forums on the subject of Extraterrestrial visitors in the past and present whom we have been given to watch in various, well documented circumstances during our ten years of stay in India--whose ancient history is replete with symbolism related to the presence of these-outer-space beings.

The Maharajas of India, who quests we were on numerous occasions, claim-descent from those alien cosmonauts and maintain traditional-genealogies that go back all the way to "the Sun" (Moon or Stars), thousands of years in the past.

We would like to present all this information to you if you would take the trouble to come and visit us at our Boulder-Headquarters--where thousands of records and archives--document our Mission of Service to Mankind pursued throughout the world since over forty-five years, at the highest levels-of government and academia. Our collaboration could be extremely-beneficial-mutually...but you must strive to make your communications more balanced and credible, because we are sure you must be aware of the considerable skepticism-aroused by your allegations that Jesus Christ and Judas Iskarioth--among other extra-terrestrials--are radioing--information about what really happened to them. That sort of "New Age" mythology--does not attract-serious thinkers and students of the so-called "UFO" issue and casts doubts (on the reliability of your inspiration). It is also highly-questionable that the "Commander in chief of the Earth Projeet-transition, Intergalactic-Federation-Fleet etc...etc..." is so concerned about defending the U.S. Constitution against encroachments-by internationalists--who are working to unify the world,--since the latter goal should be highly favored by the Extra-terrestrials. The struggle against: "One World Order"--in this country mostly interests some rather-benighted-fundamentalists--who misinterpret the message of "the Gospel" and confuse nationalism-with Christianity. These issues shouldn't concern those genuinely interested-in working in unison with our Extra-terrestrial-Initiators and it is critical-to your effectiveness--that you should eliminate from your writings--all these

things-that detract from the real message.

We are engaged in a work-arrived at the paroxysm of its development-and alone able to denounce all the errors of-Rights against Rights-which divide all and everything.

We look forward to your response and encourage you to come and peruse our thousands of documents, of which the enclosed papers are only a very small sample. Together we can coordinate our action and establish a common program of action and publication.

As we already mentioned, during our ten years of stay in India we lectured on all aspects of knowledge and particularly on the subject of Extra-terrestrials in over sixty universities, including the five national Institutes of technology.

With best regards, Yours Sincerely, J.H. Carpentier de Gourdon.

END QUOTING

I do wish we had time and space available to publish the rest of the informative, clarified and simplified gleanings from all those thousands of documents so allow me to print just a few paragraphs from the attachments. Please know that the material was both double and single underlined and therefore we cannot take the time to do justice to the material as to "stressing" of intent as they have done:

END QUOTING FOR I SIMPLY CANNOT STAND TO GO ON FOR FOUR FULL PAGES, OF THE THOUSANDS, OF ENLIGHTENING INFORMATION.

I am confident that we are all most appreciative of the good Professor Doctor for this amazing bit of clear and specific thought on this subject--whatever it might have been or will ever be! If there is anything needed in this world it is this kind of concise, succinct explanation of life and truth! But while you dally with the speculation of ulterior motives regarding a space commander suggesting you save your Constitution--I suggest you SAVE YOUR CONSTITUTION FIRST AND THEN ATTEND THE GOOD DOCTOR'S CLEAR AND CONCISE METHOD OF ATTAINING PERFECTION AND INTERRELATION WITH EXTRA-TERRESTRIALS!

Well, Dharma, we are out of time before I get to the important information for you ones this day.

CONSCIENTIOUS OBJECTORS

For ones of you who ask about this information--we have some! Contact America West--for referral (we aren't really in the "business") or go straight to Rev. Albert G. Cohen, 696 S. Madison Avenue, Pasadena, CA 91106 (818) 796-

2951, and I suggest you act promptly because if you act "out of proper sequence" you will be "stuck". Mr. Cohen will refer you to CCCO-Western Region, PO Box 42249, San Francisco, CA 94142 (415) 474-3002 (10am-4pm).

More urgent and important information comes to us from another valued resource regarding the Constitutional Convention and Fact Sheet regarding same. Please either reprint it herein or forward with Express.

We are out of time for this sitting. Thank you.

CONSTITUTIONAL CONVENTION FACT SHEET

THREE STATES HAVE RESCINDED

1. **FLORIDA, ALABAMA AND LOUISIANA** have rescinded their calls for a Constitutional Convention. This leaves the U.S. 5 states away from the required 34.

CONVENTION TRIED IN 1976

2. **A NEW CONSTITUTION** called a Constitution for the Newstates of America was financed by the Rockefeller Foundation and published in 1974. Nelson Rockefeller, then president of the U.S. Senate, engineered the introduction of HCR 28 calling for an unlimited convention in 1976. Public opposition defeated this effort and convention backers went back to the states promoting a limited convention which we are facing now.

THE NEWSTATES CONSTITUTION'S ASSAULT ON THE BILL OF RIGHTS

3. **GUNS** - Article I - B Sec. 8 states "bearing of arms shall be confined to the police, members of the armed forces, and those licensed under law."
4. **RELIGION** - Article I - A Sec. 8 states "The practice of religion shall be privileged" Religious freedom would no longer be a right.
5. **JURY TRAIL** - Article VIII states that the judge decides if there is to be a jury.
6. **SPEECH** - Article I - A Sec. 1 states "Freedom of expression shall not be abridged except in declared emergency."

OTHER DANGERS

7. **FARMS** - Rexford Tugwell, the lead author of the Newstates Constitution said that private ownership of farms had not proved good for society.
8. **DEPRESSION** - Sen. Nancy Kassebaum's Committee on the Constitutional System says, they want to wait until the U.S. is in a 1929 type depression to call a convention because only then would the public accept the radical changes they want, so by passing another convention call or by not rescinding and moving them another state away from their goal we are encouraging them to force a depression on us.
9. **SCHOOLS** - Article I - A Sec. 11 says that free education would only be for those that pass appropriate tests.
10. **ENTIRELY NEW CONSTITUTION PROMOTED** - Henry Hazlitt an advisor to Jim Davidson's National Taxpayer's Union has called for an "entirely new constitution" in his book A New Constitution Now.
11. **Sen. Nancy Kassebaum's group, The Committee on the Constitutional System** is on record as wanting to use a convention to change the U.S. to a **PARLIAMENTARY GOVERNMENT**.

THE END OF THE STATE LEGISLATURES

12. STATES TO BE ABOLISHED - Under a GSA plan the 50 states will be abolished as specified in Article 2 of the Newstates Constitution and absorbed into 10 new states.

NO NEED FOR A BALANCED BUDGET AMENDMENT

13. GRAMM-RUDMAN - When this push for a balanced budget amendment started in the 1970's we did not have Gramm-Rudman.
14. GOVERNMENT WASTE - The Grace Commission Report identified enough government waste to more than eliminate the federal deficit.
15. LOOPHOLES - All balanced budget amendments proposed by Congress have been designed to be bypassed in case of emergencies such as war.
16. THE 10th AMENDMENT prohibits the federal government from being involved in anything not specified by the constitution and if even partially enforced would prove to be the desired balanced budget amendment.
17. LAWS IGNORED- Some argue that a constitutional amendment is needed because a law can be ignored. They miss the fact that the existence of foreign aid requires that the 10th Amendment be ignored.
18. LAWS REPEALED - Some argue that a constitutional amendment is need because a law can be repealed. Prohibition was a constitutional amendment and it was repealed.

CONGRESS HAS NO OPTION AFTER THE 34TH CALL

19. NO OPTION - Some argue that the states must pressure Congress into passing it's own amendment by making the 34th call. But Article V reads Congress "shall call" a convention when two-thirds of the states petition.

LIMITED CONVENTION NOT LIKELY

20. THE AMERICAN BAR ASSOCIATION Con Con study states "neither the language nor the history of Article V reveals an intention to prohibit another general convention."
21. A FARCE - Senator Orin Hatch told Congress that a convention limited to one amendment would be "a farce."
22. PACKAGE OF AMENDMENTS - The Committee on the Constitutional System stated in a press conference that it has a package of amendments ready if an unlimited convention should be held.
23. COMPETITION - There are a number of issues for which states have called for a convention. Their backers will all want to get in on the balanced budget convention if it is held.

STATE LEGISLATURES CAN BE BYPASSED

24. RATIFICATION - Article V gives Congress the power to bypass the state legislatures in favor of state ratifying conventions.

- f. Lobby in person particularly at time of hearings. At least one member of the 6 man team should be in the state capital
- * g. Recruit sponsors and cosponsors for resolutions to rescind in both houses. Check with the clerk to see if there is a form of resolution or memorial that can be used to rescind Con Con calls but does not have to be signed by the governor
- h. Lobby those legislators as indicated by the head count
- i. Testify at hearings
- j. Lobby governor if necessary

3. Petitioning

- a. Door to door distribution of petitions is our most powerful weapon but it is also the most expensive and is not always needed
Petitioning was the difference in Florida, the first state to rescind
Petitioning was not used in Alabama, the second state to rescind
- b. A head count and lobbying should precede petitioning and may be enough
- c. If the head count is close, limit petitioning to swing votes
- d. The use of petitioning depends on the availability of funding for printing

1. Testify at hearings
 - a. You will be provided with material tailored to your state from which to testify
 - b. Be able to deliver the bulk of your testimony without reading verbatim
 - c. Dress in business attire
 - d. If possible coordinate testimony with other witnesses
 - e. Be prepared to answer questions from legislators
 - f. Leave a written copy of your testimony with the committee if you choose
 - g. Distribute materials on committees desks before hearings if you choose
 - h. Recruit members if the speakers bureau or experts from headquarters to testify

5. Organize telephone chains to

- * a. Make head counts
- b. Lobby
- * c. Call political talk shows

Those participating in head counts and lobbying must be available during business hours

6. Media

- * a. Send letters to the editors of local print media
- * b. Use the phone chain to support each others statements on political call in shows
- c. Give your views on public access TV

7. Work with other groups that support our stand on the Con Con

- a. Some of these groups are Eagle Forum, American Legion, VFW, AARP, AFL-C10, Common Cause, ACLU and a number of church groups including the church of Scientology which is very effective
- b. Canvas the chapters for members who belong to these groups
- c. Contact these groups to make sure they know when hearings are scheduled and coordinate your testimony.
- d. Remember that in general conservative groups are for a balanced budget Con Con and liberal groups are against it. In Connecticut the National Organization for Women was handing out Phyllis Schaly's Con Con letter

8. Funding

This plan is designed so that each team member can fund his own operation except for petitions; the more expensive literature and possibly phone bills of the national monitoring team

Possible sources of funding are:

- a. Coordinator solicit contributions from business men and professionals
- b. Chapter level people can ask for donations as follow up after petitioning businessmen
- c. Chapter members can sell retail items such as candy or items manufactured by other members
- d. Coordinators should receive, record, distribute and account to headquarters for all funds generated
