6/3/91 HATONN

EXPRESS, JUNE 3, 1991

It is most important that we continue on our JOURNAL writing so we will take time only to interrupt sufficiently long enough to set forth some points which must be attended.

ECONOMIC PLANS

The most important thing for you who follow the market and monetary strategies is to pay attention to that which is under way. I can give you "intent" but, as you know, all is subject to change as the whims of your would-be rulers are altered by events.

Note that by this time last year great fuss and furor was under way regarding your national budget. Where are they this year? You will note that even with any discussion regarding the budget, there lacks the massive thrust regarding balancing budgets and deficits, etc. **DO NOT OVERLOOK THAT WHICH WAS SHOWN TO YOU LAST YEAR--THE ABILITY OF BUSH TO COMPLETELY BRING YOUR NATION TO A HALT!** The plans are unfolding to be even more devastating this fiscal year end and beginning of the next.

You will note the mesmerization of the market rising and the projection of the "recession" ending by "mid-year" and thus and so. No, what is planned is to push you right up to the deadline again, and then when the budget is not ready on time, the Executive Orders will become totally operable for Emergency Economic regulations and

Banking regulations to move into effect. Remember, Bush still is acting under "emergency" regulations and Executive Order which keeps the Middle East situation open.

The intent is to bring the entire financial picture into "their" focus and control. I can only urge you ones who are needing to set up some measure of security and privacy, that you get on with it.

ALL investments are now extremely ill-advised. The point is to suck you into a false premise that the market is wonderful but there is no basis upon which to sustain a high market--for your economy is terribly depressed and thousands are becoming unemployed daily.

You will note there is very little mention, if any at all, regarding the failure of some 60 MILLION people in the U.S.A. to file income tax papers--much less, pay. KNOW that the "big boys" have not run out of plans for control--only ready to move into more heinous methods of control and thievery.

I do not wish to sound like the proverbial "broken record" but a lot of you are going to get caught with no ability to recover if you continue to procrastinate while thinking you are going to somehow hit at the "high" point, etc. They have an elaborate plan laid forth to trap you.

BILL COOPER

We are in receipt of several copies of the Table of Contents, etc., from Cooper's new book, BE-

HOLD A PALE HORSE. I get all sorts of comments from "...is this amends?" to "...he has plagiarized your work, Commander." Wonderful, wonderful! It is simply that TRUTH cannot be kept under the bushel for Truth is for all Mankind and not just the chosen few. Further, you will find, as you read the book, which I sincerely hope that all of you readers do--you will find that toward the ending there is much with which I still take great exception. The facts are going to be laid forth in our work in the forthcoming JOURNALS regarding LIFE and experience and what is Creation and God. But we are making great strides. I do not wish to stop any Man from bringing forth Truth and if I have given insight--PLEASE UTILIZE ANY AND ALL--YOU MUST WAKE UP AND STOP THE SILLY QUARRELS.

The one thing no one sent me was pricing, etc. All I can give you is that the book is published by Light Technology Publishing, P.O. Box 1495, Sedona, AZ 86336. Am I recommending this book? Not as such for if you have read the JOURNALS then you already have ALL of the information--I have not even perused the material for I simply have not had the interest to do so and I make no account or disaccounting of material of which I am not apprized. I do note that chapters 1 through 17 are probably repeats of the way it is and I most certainly hold with the validity of the information and urge you to become as familiar as is possible with it all. The Appendices are without my comment for I have not seen the book in point and there appears to be approximately 100

pages of which I have not seen. I DO KNOW, THAT WE WILL EITHER BEGIN TO WORK TOGETHER AND COME INTO UNITY AS TO THE CAUSE OF YOUR PROBLEMS OR YOU WILL PERISH AS A NATION FOR THAT IS THE ULTIMATE PLAN OF THE ELITE CARTELS WHO PLAN TO BE IN TOTAL OPERATION BY YEAR 2000 AND THEY ARE AHEAD OF SCHEDULE! I offer my hand in friendship to Mr. Cooper and I hope that you ones will support him in the truth he brings--it is the mark of a Man who can see errors, select important information and offer it unto his brother.

You all must understand that I work from a higher plane of experience and my thrust is very different than just bringing you into awakening--my task is to get the word of God spread about and make arrangements for your security in the Light of God. I need no authority nor proof of anything from anyone--if you get confirmation, good and so be it. I need no input from your placement nor do I care to have any--it is up to you ones regarding your actions--mine is to ring the alarm. (My ground crew, however, appreciate those confirmations.)

Bill Cooper has had a bad time at the hands of the deceivers who would pull him down and has fallen into the trap laid by them--I honor him for continuation of his efforts in spite of that which would destroy him. You simply MUST come into realization that that which is wrong is wrong ON YOUR PLACE--LOCKED ONTO YOUR SPHERE AND WILL DESTROY YOU FROM YOUR OWN SPHERE. May we walk in brotherhood so that you can see farther by standing on my shoulders if need be! God blesses the seekers after the Light and more abundantly blesses those who find and share with brother. Amen.

WHAT OF THE NEWS ITEMS?

Let us just do a quick rundown of those things which my own group are asking me.

The cholera epidemic which is

spreading across South and Central America is most certainly planned. Worse, in the treatment thereof, AIDS' HIV is being introduced as medicines and hydration IV's are being utilized. You will be hearing about it as soon as incubation time has elapsed.

Something which might surprise you, speaking of South America, is the fact that your own nation has seen to it that about 45% of Brazilian women have been sterilized. You will find that in recently discovered cover-up documents regarding the secret activities of the U.S. National Security Council (NSC) that a U.S. government policy was to force Brazil and at least a dozen other Third World countries to cut back their populations, to ensure U.S. access to those countries' raw materials. The declassified documents were from between 1974 and 1977, under U.S. National Security Adviser *HENRY KISSINGER and his successor, Brent Scowcroft*. George Bush, director of Central Intelligence and U.S. Ambassador to China during that same period, collaborated in the development and implementation of the policy. Other nations considered "key" and of "special, strategic, and political interest to the U.S." are India, Bangladesh (ouch), Pakistan, Nigeria, Mexico, Indonesia, Philippines, Thailand, Egypt, Turkey, Ethiopia, and Columbia. And yes, I certainly DO hope that Cooper and some of your earth-bound informers will follow up on these things for we are burdened to the breaking point in trying to cover all the tidbits.

RAJIV GANDHI

Yes, India's former Prime Minister Rajiv Gandhi was murdered. This was not for the simple destruction of a political dynasty of a powerful political family--but rather, for the destruction of India itself--as part of the population reduction policies put forward by self-avowed British agent, Henry Kissinger.

India is the top target of the National Security Study Memorandum 200, "Implications of Worldwide Population Growth for U.S. Security and Overseas Interests", written in 1974 by then-national Secu-

riety Advisers Kissinger and Scowcroft. NSSM 200 has cited 13 key countries in which, it said, there is a special U.S. political and strategic interest which requires imposing a policy of population control or reduction. India heads the list of those countries.

Kissinger's 1974 memo states: "The subcontinent will be for years the major focus of world concern over population growth. India's population is now approximately 580 million, adding a million by each full moon." The document cites a June 17, 1974, report from the U.S. embassy in Delhi, complaining that, "There seems no way of turning off the faucet this side of a billion Indians." The assassination of Rajiv Gandhi is designed to hurl India, already in the midst of its most violent electoral campaign to date, into fratricidal religious and caste warfare.

Mrs. Gandhi was killed by Sikh terrorists prior to Rajiv, who in turn were owned and operated by British intelligence. Mrs. Gandhi's assassination was carried out in service of the Kissinger policy and the plan for India's political disintegration put forward by British academic Bernard Lewish. According to British schemes, India--the world's largest "democracy"--would collapse into a muddling mass of impotent ethnic enclaves, with no hopes or pretensions of challenging Anglo-American imperialist rule. And so be it.

ISRAEL

You have now heard it from the great horse's mouth--the U.S. is stockpiling weapons in Israel and supplying Israel with your F-15/16 planes. Your Secretary of State has set up permanent offices in Israel. Brothers, it is coming down very rapidly now.

QUEEN'S TRIP

As you watch millions of Iraqi women and children face death by disease and starvation brought about by Operation Desert Storm, Queen Elizabeth of Great Britain came to the U.S. to celebrate and consolidate the Anglo-American imperialist alliances that destroyed Iraq.

The Queen, dear ones, a descendant of the insane King George III who fought a war to keep America a British colony, devoted most of her public statements to praising U.S.-British cooperation in the Gulf War and lauding the revival of the "special relationship"--the euphemism the British give to their decades-long strategy for subverting the U.S. and using its muscle as an instrument of British geostrategic policy, as exemplified in the war against Iraq.

She came to check on her assets and cement the status of control over you dear colonials. She is the world's wealthiest woman and Great Britain owns more property and business in the U.S. than ALL other nations. You are dealing with the "seat" and "heart" of the World Banksters. Your nation is in serious and urgent probability of losing your Constitutional Law. You already operate 100 percent on the British system and there is no way in which I can remind you often enough.

MOSSAD IS PARTNER

George Bush, while director of the CIA (1976-77) was in full knowledge and operation of the illegal CIA-Israeli Mossad operation in Central America. The effort included the smuggling of drugs from Colombia through Panama into the U.S. I have already written about these drug operations in which the loaded planes would be funnelled right into your own national Air Force bases such as Homestead and Albrook in Panama. I will follow on with the more detailed story if I have time but I have too much to cover at this sitting. George Bush was also tangled to his ears in the Golden Triangle of Southeast Asia as well, with the Mossad involved, as we have described before. But what about the "China connection"?

CHINA

What is all this current bull-headed continuation of China ties by Bush? Well, he has excellent personal reason to push China's favored nation status as well as political interests and the personal interests of his own Security Advisers.

BUSH HAS PERSONAL LINKS TO RED CHINA

Bush's all out push for extending most favored nation (MFN) trade status to communist China can be better understood if you understand that his family interests in that country, just as in Panama and the Middle East, are abundant. You must also know the role of Israeli arms dealers in that place.

The Bush family is involved in a major housing project in Shanghai, located near the airport, to be rented or sold to foreigners doing business in China. The Aoki Corp., controlled by the Bush family, is the Western partner in the deal. The president's brother, Prescott Bush, refused to respond to an establishment press inquiry (*The Los Angeles Times*) when it came to the attention of the press.

Prescott has also reportedly received \$250,000 as a consultant to an American company establishing a communications network in China, Asset Management International Financing and Settlement Ltd. This company arranged for Hughes Aircraft Co., now a subsidiary of General Motors, to export three communication satellites to China. President Bush himself approved the export of the satellites.

Ah, but yes, there is a shadowy Israeli billionaire who is one of the key alien lobbyists behind the current drive. This is Shaul Eisenberg, an enormously wealthy Israeli promoter, who has been linked to the international arms trade and to the Mossad. In 1979, Eisenberg made a secret flight to Red China and came back with trade proposals that led to a covert commercial and military relationship between the two countries. Suffice it to say herein that there are great and grave entanglements.

It is now a known fact that clandestine China-Israel arms deals were orchestrated by senior officials of the Mossad, Israel's secret service (in case some of you have forgotten who they are). Many of the high-tech weapon models and blueprints sold by Israel to the communist Chinese were derived

from top-secret designs acquired by Mossad agents.

Among the advanced defense secrets purloined by Israel from the U.S. for resale at top dollar to Asian communists were trajectory-corrected ground-to-air missiles; a high-powered anti-tank weapon known as the B-300/SMAW; armor-piercing, fin-stabilized discarding sabot shells and other most closely guarded developments of American military technology. Following Israel's example, the Red Chinese embarked on wholesale economic piracy against the U.S., also. This is blatant, government-sponsored piracy with full knowledge of your own President. Do you actually think things will change, what with the Israel lobby in the wings and the Bush family investments in Red China at stake? Neither Congress nor the administration are very likely to stick their necks out on any of these issues in point. There is now too much at stake.

The Israeli arms salesmen made total mockery of U.S. efforts to control defense technology exports to communist governments.

To pay for its secret military imports from Israel, Red China redoubled its efforts to penetrate U.S. markets during the second half of the 1980's. As China grew desperate for hard currency, it used more and more slave labor to manufacture goods exported to the U.S. Companies that import from Red China have become unknowing (or knowing) partners in deals with prison camps.

The immense penitentiary subculture rivals even Stalin's notorious forced-labor empire, brothers. This is, further, exactly that which is planned for you-the-people. Dissenters will be incarcerated in work camps and YOU WILL WORK. This is exactly why there is a do-or-die thrust to pull off the New World Order before you take a breath and understand that which is happening to you. "They" have the bases covered all the way out to the end of the play.

SO WHAT ARE THE ISRAELIS AND SOVIETS DOING?

Among other things, a notorious Israeli arms dealer, Yaacov Nimrodi, who has strong Mossad connections, is playing a key role in a deal being formulated between Israel and the Soviet Union for the Israeli purchase of a Soviet-built nuclear reactor. That means, since you supply all assets to Israel--that you, U.S., are buying a nuclear reactor for Israel.

Nimrodi, by the way, played a major part in the Iran-*contra* Affair during the administration of Reagan. It was he, in fact, that inspired the entire scenario. He was deeply involved in funnelling U.S. arms to Iran.

The Israeli government blocked efforts of the joint congressional committee that investigated the Iran-*contra* Affair to obtain his testimony. He is now credited with inspiring the initial Israel-Soviet nuclear reactor deal.

Oh, you didn't know Israel already has a "top-secret" reactor? Yes indeed, at Dimona in the Negev Desert, and it has become increasingly unsafe and is plagued with many problems including worsening environmental problems.

It is at the Dimona reactor that the Israelis have located their "top-secret" nuclear weapons production facilities. Does this not strike you as "strange" just when the touted thrust is to make the Middle East a "nuclear weapons free zone"?

OCTOBER SURPRISE VISIT TO PARIS BY BUSH

You want proof? Well there is lots of proof that George Bush was in Paris in October of 1980--read his lips!

Let's see it from the mouth of one who was there and saw others there as well. I would like to give credit to the Napa *Sentinel* for the following which reads almost as well as did the drug story we ran last week.

QUOTE:

Navy Capt. Gunther Russbacher, who worked with naval intelligence and the CIA, received a phone call at his home in St. Louis in mid-October, 1980. He was told to take a TWA flight to Washington.

From there he was met by a car and brought to the base hospital at Andrews Air Force Base located in Prince George's County, Maryland, a Washington suburb. At 1900 hours (7 pm) he was greeted by two military personnel in flight suits, handed flight papers and boarded a BAC-111 aircraft.

Destination? Paris. Purpose of the mission? Unknown at the time.

Richard Brennecke was doing a preflight check when Russbacher closed the cockpit door. He had no knowledge of who else was aboard the aircraft. Brennecke has already testified that he was on the aircraft and his testimony was confirmed by a federal jury.

Russbacher says that he did not look into the passenger cabin until he was over the Atlantic. The aircraft refueled at Newfoundland. There was also an Air Force officer aboard, according to Russbacher. It (the aircraft) landed at Le Bourget Airport near Paris.

IN THE CABIN

Who did Russbacher see in the cabin?

GEORGE BUSH;
DONALD GREGG;
WILLIAM CASEY;
TWO SECURITY PEOPLE,
AND
A WOMAN BELIEVED TO
BE JENNIFER FITZGERALD.

Jennifer Fitzgerald was Bush's Chief of Protocol for the White House.

Heinrich Rupp was not on the BAC-111, but did fly a Gulfstream aircraft to Paris. He met Brennecke and Russbacher in Paris. Vehicles were waiting for the passengers. Some of these vehicles were from the U.S. Embassy.

The pilots and crew checked into the Hotel Florida and within three hours Russbacher was called back to duty. He was to fly Bush back in the SR-71--the CIA's Blackbird--from a French air force base to Dover Air Force Base in Delaware.

But because of security leaks in Paris, the aircraft was diverted to McGuire Air Force Base in New Jersey. The aircraft returned at 0200 hours (2 am)--seven hours after the original trip began. The flight of the Blackbird took one hour and 14 1/2 minutes, being refueled 1,800 nautical miles over the Atlantic.

SPILLED THE BEANS

Brennecke was the first crew member to reveal the trip to Paris, and much has been done to discredit him. At his perjury trial, Brennecke's defense shot holes through Donald Gregg's testimony that he was not on the flight or in Paris.

Gregg showed photographs of himself and his wife on a sunny beach in Maryland (yes, we have already written about this some months ago, chelas), stating he was there and not in Paris. Weather experts testified that the weather conditions that day did not match the photographs.

Gregg, who has been named by former National Security Advisor Gary Sick and former President Jimmy Carter as a mole for Bush in the CIA, was a long-time CIA operative who has recently been appointed ambassador to South Korea.

A French intelligence memo exists claiming that Bush did come to Paris in October, 1980 and received French assistance--we will cover that tidbit, too.

The Republicans sought to delay the release of the hostages held in Iran until after the elections in order to prevent President Jimmy Carter from winning the election should the hostages be released early. A total of \$40 million was transferred from a Mexican account and Bush presented a draft of the transfer to the Iranians.

ROOTS OF CONTRA-GATE

Within six weeks after Ronald Reagan was inaugurated, covert shipments of arms were sent to Iran. When the shipments were discovered around 1985, it became known as the Iran-*contra* scandal.

But the origins of that scandal began on the flight to Paris. George Bush has never been able to account for his time and Secret Service memos about his whereabouts are also conflicting. Casey was never able to prove his whereabouts, either. And Gregg's excuse was shot down in a court of law.

How do we know Russbacher is telling the truth? Obviously, his credibility is critical to the story. Russbacher is currently in a federal prison on Terminal Island near Long Beach, California.

A nationwide search for records relating to Russbacher was undertaken by Tom Valentine of *Radio Free America*, the *Napa Sentinel* and other cooperative news media. The search included public records, classified information and information from highly reliable sources within the intelligence community.

The FBI has a great interest in Russbacher because he possibly could lead them to monies siphoned off savings and loan institutions and funnelled into secret CIA accounts and also used to finance gun and drug running.

WOMAN TROUBLE

CIA and other intelligence figures made Russbacher sign a contract that he would not get married for two years--especially after a divorce from his wife, Peggy, an FBI informant. Russbacher violated that contract and was married.

Russbacher's second wife, Rae, was told by an Army intelligence officer in San Francisco that they would have to separate.

Within a few days after his second marriage, Russbacher had been arrested on several charges and held in jails for months at a time. Each

of the charges was dropped, and in every single case the criminal investigation files and court records were sealed--which is highly unusual.

A fellow prisoner in Terminal Island, Ron Rewald, had the same problem. He was tried in a state court, but the prosecutor came from the U.S. Justice Department. Rewald was not allowed to introduce evidence showing his CIA involvement, and his records and court case are sealed.

Michael Riconisuto, another CIA operative, is currently sitting in a Pierce County, Washington Jail. (You see, you good surveillance persons so closely hooked to us--you are expendable!) All his records have been seized and he is being held without bail after testifying against the CIA and Justice Department.

Through a special arrangement, Rewald has met with Russbacher. Rewald was skeptical at first of Russbacher's background. But after further exchanges and the matching of names, dates and places, Rewald is certain Russbacher is who he claims to be.

Rewald was involved in a covert CIA financial institution in Hawaii and had prominent Air Force generals and high-ranking intelligence officers working in the firm.

SO WHAT ABOUT THE FRENCH?

The SOECE--the French equivalent of the U.S. CIA and the Soviet KGB--monitored George Bush's trip to Paris in October of 1980. The monitoring was done because French officials were also involved in the meetings with the Iranians--AS WERE THE ISRAELIS.

The trip was for the sole purpose of delaying the release of 52 American hostages held in Iran until after the November, 1980 U.S. Presidential election.

The man who was in charge of the monitoring was a Col. Alexandre de Marenches, head of the SOECE. There were other foreign powers involved with the Paris meeting--directly and indirectly.

It is known that, ironically, the Reagan-Bush team gave the Iranians an advance check for \$40 million, drawn on a Mexican bank. Maurice Stans was responsible for getting the money to Mexico and Michael Riconisuto has told investigators from the House Judiciary Committee that he made the arrangements for the \$40 million payment.

Well, former White House National Security Adviser Gary Sick and former Iranian President Aboulhassan Bani-Sadr also claim the meeting in Paris took place.

Funny thing--during the time of the Paris meeting, George Bush remained OFF THE CAMPAIGN TRAIL. What does it take, America?

WHAT ABOUT YOUR POW'S IN ASIA?

We have talked of this many times but you don't seem to want to face this issue, either.

Let's hear it from Army Col. Millard Peck, who resigned in disgust after eight months on the job, as Chief of a Pentagon intelligence unit that is supposed to account for American servicemen still missing in Southeast Asia. He charges that the Bush administration has purposely covered up repeated live sighting reports of Americans being held prisoner by the communists.

Col. Peck claims that reports of sightings of live Americans have been routinely played down by unscrupulous people in the government or associated with the government.

Peck's allegations are contained in a five-page memo he wrote and affixed to the door of his office when he resigned March 28 as Director of the Defense Intelligence Agency's (DIA) Special Office for Prisoners of War and Missing in Action.

Similar complaints were leveled last fall by Republicans on the Senate Foreign Relations Committee. Sen. Jesse Helms and others contended that the Pentagon had been lying for years when it

insisted there were no live Americans left in Vietnam. Ross Perot, Col. James Gritz and others, not the least of which is myself, have been pounding on you for years to see and hear.

Peck's letter states that it appears to him that a "cover-up of the POW-MIA issue is in progress. The entire charade does not appear to be an honest effort and may never have been."

Any report of a live sighting which made its way to his desk, Peck charged, "would quickly disappear into a black hole. I was not really in charge, but was merely a figure-head or whipping boy for a larger and totally Machiavellian group."

He blames "higher authority, outside the DIA", for discrediting rather than pursuing live sighting reports.

Although the Bush administration has denied it (what do they NOT deny?), clearly it is seeking to establish diplomatic and economic ties with the Vietnamese communists.

The Bush administration intends to provide the government in Hanoi with \$1 million to pay for artificial limbs for people injured during the Vietnam War. Those eligible for treatment include soldiers from the North and South Vietnamese armies, the Viet Cong and civilians. The money will be funnelled through the Agency for International Development to private donors who then will send the funds to Hanoi. That is a technical means for avoiding a violation of the official ban on contacts between the U.S. and Vietnamese governments.

State Department spokesman Richard Solomon has openly admitted that the so-called humanitarian aid was promised to Vietnam in 1987--as a result of its promise to help dig up the remains of what are supposed to be American soldiers.

Hanoi's communist government claims to have withdrawn the last of its occupation forces from Cambodia in 1989, although there are considerable numbers of Viet-

namese "advisers" still stationed in the neighboring country. Simply ignoring the fate of nearly 2,300 **U.S. MILITARY PERSONNEL LISTED AS MISSING IN SOUTHEAST ASIA NEATLY RESOLVES THE REMAINING HANG-UP TO THE ESTABLISHMENT OF DIPLOMATIC RELATIONS. AMERICA, AMERICA--IT IS INDEED LATE!**

PARADES AND OTHER PHONY MESSAGES

You think you are going to have a big national blast of a parade in honor of your servicemen on June 8th? No, what you are having is one of the biggest shows of power to your citizenry and the world. That is representative of that which will be enforcing the New World Order on you-the-people--right in your own U. S. of A. The forces will come under and within the United Nations police force headed by the Soviet Union according to U.N. Charter--right on schedule.

The disarming of your own police forces is under way. You see, to get the weapons from you-the-people also comes the disarming, or inadequate arming, of your national police forces--such as the FBI, etc. NOTE: THE GOVERNMENT HAS JUST RECALLED WEAPONS FROM THE FBI OPERATIVES, under the guise of poor functioning apparatus.

Your government hoodlums who are destroying your world simply laugh at you and it is obvious they have no concern whatsoever regarding their ability to pull off the entire program. There is no longer any effort other than some slight set-up lip-service to cover stories. They don't have to cover-up anything--they can just silence the news. You see, even the Bush "illness" is set up to allow for his "forgetting" certain things which transpired in case the push comes to shove. Mostly you will just be given a lot more distractors to keep you occupied while they bring in the shackles.

NEIL BUSH OK

For you who worried about poor

Neil getting nailed on the Silverado deal by having to pay fines, etc. Note please, out of the \$200 million the "group" got away with, only \$49.5 million is being "fined" to those 12 involved "innocent of wrong-doing" directors of Silverado. That would seem to me to leave them with a minimum of whatever else they ripped-off you good taxpayers IN ADDITION TO THE OTHER \$1 1/2 HUNDRED MILLION. So be it--that only leaves well over a minimum of \$1-2 BILLION for you the taxpayers to pick up. Funny thing, the same group will be found to have involvement with all the West Coast S&L's including Lincoln Savings and Santa Barbara Savings, etc., etc., etc.

Dharma, it is past time that I allow you a break. Thank you, chela, for it has been indeed a long day, yet it seems we have only just touched on the tiny few topics which scream out for hearing. So be it.

Gyeorgos C. Hatonn, Cmdr.

To clear please.

BANI-SADR ON BUSH/
PARIS/HOSTAGES

Wow, instant reaction: "Just what does this Bani-Sadr have to say in his book about Bush?" Yes, I can tell you briefly.

Bani-Sadr, for you who have been on vacation, was the President of Iran at the time of the 1979 takeover of the American embassy in Teheran and the 444-day hostage siege. He is in the United States (although you don't hear anything about it any longer in the news) promoting his autobiographical account of the Iranian Revolution. Abolhassan Bani-Sadr, who is now living in exile in Paris, provides evidence that the Reagan-Bush 1980 campaign intervened to block an early release of the American hostages, because it would have helped Jimmy Carter win re-election.

The account of the Reagan-Bush "October Surprise" according to

Bani-Sadr is that the late Ayatollah Beheshti was an Iranian fundamentalist cleric and *Freemason*, and was one of the key negotiators with the Reagan camp for the delay of the hostage release. On November 12, 1980 there was a Paris meeting between Beheshti and former Secretary of State Henry A. Kissinger, and it was leaked that Kissinger and his group--including Michael Ledeen, William Hyland, and David Abshire--had been acting on behalf of the Reagan-Bush campaign since at least early October 1980 to cut a separate hostage deal behind the back of President Carter. All was not dandy in the Carter camp either, however, for it was already afoot that reactionary clerics in the Iranian parliament staged a walkout in mid-October which had preempted the presentation of a Carter administration hostage release package that would have brought the Americans home on election eve.

If you ones only knew the half of it--the fiasco with the so-called "rescue" wherein the mission was scrubbed AFTER the action was underway and being successfully carried forth. All parties were well-bribed and there was a huge amount of currency aboard. There is talk that a space craft was somehow involved and caused the ultimate catastrophe of the military craft, etc. Well, there was craft aloft but they had NOTHING to do with any of the stupidity and deliberate actions of the U.S. military--no matter who flew the space vehicle. Carter scrubbed the mission after direct hot-line talks and command of the Soviets who were a part and parcel of the plan to delay the release--you see, the New World Order was getting ready to take center-stage.

In the early autumn of 1980, Beheshti, along with Ali Akbar Hashemi-Rafsanjani, presently the President of Iran, obtained the go-ahead from Ayatollah Khomeini to cut a secret deal with the GOP.

On Sept. 3, 1980, Bani-Sadr, in his capacity as President of Iran, had received a formal communique from the Carter White House via the West German ambassador in Teheran, proposing concrete steps

for freeing the hostages. Yet, before that arrangement could be finalized, Ayatollah Khomeini suddenly announced that the responsibility for negotiating with the Americans over the hostages would be solely in the hands of the parliament, dominated by the mullahs led by Beheshti and its Speaker, Rafsanjani.

Would you suspect that there is still foul play afoot? Is it not strange that the book of Bani-Sadr just happened to come along at the time the trouble over October in Paris, 1980, had risen to bite the Bush toes? (The book has been available in France since 1989.) True to your State Department efficiency, there was a hold and "block" put on Bani-Sadr's visa so that he couldn't come into the U.S. But that was getting publicity which was worse than letting him in.

On May 7, 1991, at a press briefing at the National Press Club, the ex-Iranian official said that he could cite 55 separate instances in which the mullahs had blocked hostage negotiations that could have led to the release of the Americans months before their eventual freeing--on the day of the Reagan-Bush inauguration in January 1981. He told the press that he had other detailed evidence that he could not release to the public.

Please, don't act surprised, readers--I told you long, long ago that *the BANKERS arranged for the final release of the hostages--not your government. The politicians just happen to be the best that money can buy!*

The next morning, Bani-Sadr delivered a detailed briefing to a closed-door session of the House Foreign Affairs Committee, at the behest of Rep. Lee Hamilton, chairman of the Middle East subcommittee and a former member of the House Irangate panel.

Congressional Democrats, it seems, are now in the process of conducting an informal probe of the scandal, preparatory to the decision to launch a full-scale probe. Where are they? Could it be that they are no better than their opposition?

Bush was showing signs of wear and tear over the scandal that refused to die and on May 8, 1991, blew up at reporters probing allegations that he had been in Paris in October 1980, participating in the final secret negotiating session with the mullahs. Denying that he was in Paris at the time, and citing Secret Service logs that accounted for his entire schedule on the dates in question. Well, those logs only prove that he WAS in Paris on said date.

WHAT ABOUT SWEDEN'S OLOF PALME?

Bani-Sadr has given you some confirmation which I hope you will not miss for we spoke of his assassination at length. Olof Palme was Sweden's Head of State. Palme was assassinated on the streets of Stockholm on Feb. 28, 1986. His murder was linked to his moves to shut down the Swedish elements of the Iran-*Contra* arms-for-hostages circuit. Well, according to Bani-Sadr, the Swedish prime minister, who was then out of office but heading up a prestigious United Nations disarmament group, visited him in Teheran in March, 1981, and revealed that he, too, had information that the Reagan-Bush team had made a secret deal with the mullahs. Palme warned Bani-Sadr that the latter's life was in danger, and proposed to mediate an attempted cease-fire in the ongoing war with Iraq. Palme's extensive diplomatic efforts in the Persian Gulf afforded him access to information tracing the arms-for-hostages arrangements all the way back to the critical 1980 "gathering".

GONZALES OF TEXAS/ KISSINGER ROLE IN BNL

One last thing and we will close this Express. I want to apprise you of other serious connections, but with Iraqi credit as the point.

Pursuing the role of the Atlanta branch of the Banca Nazionale del Lavoro (BNL) in providing credit to Iraq, with the knowledge of the Bush administration, immediately prior to the launching of Bush's "crusade" against Saddam Hussein, Banking Committee Chairman Henry Gonzales said that he was

investigating more thoroughly the role of Henry Kissinger.

Gonzales notes that Kissinger did not resign from the advisory board of the BNL until over 18 months AFTER the BNL scandal erupted. Committee investigators were told that Kissinger may still be a member of the BNL advisory board--and so he is!

Gonzales indicates there is obvious conflict of interest (just as with the China deal when he headed the Security Advisers) in the role played by National Security Adviser Brent Scowcroft and Deputy Secretary of State Lawrence Eagleburger because of their links to BNL and to Kissinger Associates. "These connections are obvious and up comes the question of Kissinger Associates' influence over the decisions of Mr. Scowcroft as well as the issue of whether or not Mr. Scowcroft can remain independent from the interests of his former boss and longtime colleague Henry Kissinger...Mr. Scowcroft's past affiliation with Kissinger Associates also makes obvious that Mr. Scowcroft cannot truly provide independent advice to the President in matters of national security or foreign policy when those policies can run against the interest of corporations that he owns stock in or that are affiliated with Kissinger Associates."

If you don't take stock and then follow it with action--you are going to lose your Constitution and your nation!! So be it.--Salu.
