JULY 1991 VOLUME XIV NUMBER 10

7/7/91 HATONN
SUNDAY

ARE WE TRUE OR FALSE?

You decide, citizens of the world! We have had attempt after attempt against my scribe--no less than a dozen direct personal attempts of which four were cardiac arrests which required sustained resuscitation. We have received anonymous letters threatening bomb blasts at the turning the ignition keys in the cars of the store employees and volunteers. There have been direct threats of lawsuits and personal damages, property confiscation and all manner of assaults of person, active threats against life, etc. In the dark wee hours of the 6th of July (night before last) came two calls to Oberli and Dharma's home, one of which asked if George was there and then a hang-up on both. Then in the morning a message was found on the answering service recording at the publishing office: a strong male voice, clear and unhampered by any altering substance who bluntly stated: "George Green will be assassinated before mid-July". By the way, the term "assassi-nation" is a term used by political groups and surveillance groups called Mossad, CIA and KGB, etc., for "MURDER"!

The material we write is now being used AGAINST Dharma and Oberli in a court of supposed "law" regarding simply the fact

there was no public sale of their property where they had gone directly and explicitly to purchase, outright and in full, the property. This case has been going on for over three full years and is now in about the 35th motion--wherein the defendants (Oberli and/or Dharma) have yet to even be recognized as being in the courtroom--and has taken the time of no less than a dozen judges (who could only rule on specific "little" points of order). The cost, considering both sides and court expenses must now be somewhere near a million dollars.

The primary point in the issues of *EXPRESSES* given to the court is, of course, the portions dealing with the Mossad and the Zionist Lobby in Congress. All of the cover letters read like insult letters to the dregs of humanity, i.e., referring to the defendants as "deadbeats, flakes, rip-offs, people living with no expense to themselves, without rent, or taxes on the property, and on and on." There are personal and inflaming insults against the lawyer involved even to his personal secretary (wife), office location and post office box number. There is refusal to allow any of the discovery process against the S & L, or any persons involved on the reverse side--absolute disregard for the rights of citizens to have any type of hearing or require that the S&L, auction company and/or persons involved in any way to be required to deposition. Then comes the death threats, death attempts

and harassments on every point of living--from building investigators, planning commission personnel, fire department investigations--even to having to have an engineered project and permit for a small "tree-house" left on the premises by prior dwellers.

I can guarantee you, readers, were it not for OUR PROTECTION, these ones would be DEAD! Now you may believe that which you will--and the adversary may certainly continue to give us the good advertising that we would otherwise NOT GET--but I respond with answer to the last phone call (for I KNOW EXACTLY WHO IT IS AND THE GROUP INVOLVED). **GO RIGHT AHEAD AND TRY AND MAKE MY DAY!**

I further suggest that all of you reread the list of definitions regarding Semite, Jew, Zionist, etc., and pass it around. You, America, are going to lose your nation and your freedom if you do not stop this insanity.

I ask that this be sent to Brig. Gen. GDM. I offer my humble appreciation to him for his input. I would also like to allow him to know that we know as much regarding his subject in point. We honor the publication for that which they DO print on the subject material I personally gave unto a brother some years back. Further, I fully intend to call their hand on the

other matters to which you refer for that type of operation is exactly that which is pointed out on every possible occasion--the Truth to great extent--and then the heinous punchline. We are, however, using it at this point as regards the American citizens--**SAVE YOUR CONSTITUTION!! YOU CANNOT SAVE ANOTHER THING IF YOU SAVE NOT, YOUR CONSTITUTION!!!**

I honor and salute you, General. I am humble to have you on the side of God as he sends/comes forth with us of the "Hosts" at this time of tribulation. Your world is into tribulation, slavery, death and destruction and you seem to recognize it not--awaiting some magic to reverse or rapture the masses. If there appear to be possible "errors" in our presentations--be patient, for the proof will flood you--God is not WRONG! WE ARE SENT FORTH TO BRING THIS WORD AND SET TO CORRECT THE MISUNDERSTANDINGS OF THE CENTURIES THAT GOD CAN FULFILL HIS PROMISE OF SENDING TRUTH UNTO HIS CHILDREN PRIOR TO THE ENDING OF THE CYCLE--WE ARE THOSE HOSTS AND MESSENGERS. WE ASK NOTHING EXCEPT THAT OUR SCRIBES BE LEFT ALONE, FOR WE ARE NOT OF FORCE NOR COERCION--WHAT MAN ACCEPTS OR REFUSES IS BETWEEN HIMSELF AND GOD AND IT IS NONE OF OUR BUSINESS--WE WILL REMOVE GOD'S PEOPLE PROMPTLY AND CAREFULLY WHEN THE SEQUENCE IS APPROPRIATE. There are great discrepancies within the pages of your "Holy Bibles", which, if you ponder, we are setting to straight. Why wouldst you believe those who "changed" the words prior to now and not honor us who are given proof by that which is all about you? There is nothing wrong with having been misled--the error comes in refusal to look at Truth--even as "possible" Truth.

That, always, is a requirement of the adversary--to silence and bind the people from access to Truth. God walks ever with you, sir, and I bow to your willing and fearless attempt to cause your brethren to see and hear! I especially honor you for that which you have presented as the danger from across your southern border, and your northern border, as well. The people of America cannot seem to see and hear amid the distractions and lies thrust upon them. God blesses your work, friend--and sir, to call a Man friend, is worthy indeed. You serve well and tirelessly and know that you are blessed and watched over as the Shepherd watches his lambs. In every flock there must be the leader and if the lead sheep leads the flock astray, woe unto him and there are thousands who do so. Blessed are the ones who lead their flock into Truth--for theirs is the Kingdom of Heaven.

The King of Kings shall assist you to bring this blessed nation again into Godly direction if Man will but awaken to the call and turn from the adversary who holds him hostage. But if Man turns not again unto God and the Laws of God and the Natural Laws of Creation, then you of the messengers must release unto higher Truth and allow Man to pass in his appointed way--for ye of God have attained your passage and God does not forsake Man--Man forsakes God and even then, God leaves not of Man for ultimately the soul shall pass into its proper placement of learning. So be it and I thank you for your sharing and support of your brothers.

TERMINOLOGY: MIND CONTROL/FACTUAL DEFINITIONS

EXPLICITLY DEFINED TERMS

And who, you might ask, defines these terms? GOD! Where did you come by "accepted" terms as

laid forth by Man for his own purposes of deceit and greedy self-proclamation?? You might think carefully about this--for you are led astray by men who mislead you, even unto this day, through subterfuge, calculation and manipulation of your languages and beliefs in God Himself!

1. ZION

Citadel of Palestine which was a Citadel in Jerusalem; the "Jewish" people: Israel: the Jewish homeland which is symbolic of Judaism or Jewish national or religious aspiration; the ideal nation or society envisioned by Judaism.

CM = CONTROLLED MEANING

TM = TRUE MEANING

2. ZIONIST

CM: One who is of the doctrine of reclamation of that place in Palestine so-named under "Zion".

TM: A term which has been created to suit the needs of a couple of earth "religions" to mislead the people. You will note, as I quote from the dictionary of Webster, that the definition is evidence, in fact, of the misleading characteristics of the term as now utilized. Further, it is greatly disrespectful to the Mormon people, for instance, to take the term Zion and apply it to a stolen place in Palestine for they, too, believe in a "Zion", as do Christian people--and it certainly is NOT in ISRAEL (the stolen nation). You will note that the definition is "inclusive" of that which the God-revering peoples of the world believe to be the "Place of God", Heaven, Utopia. The following should point out to you that "Jew" is a most recent term created by MAN, this "Zion" is a Palestfnian property, and everyone in the world is left OUT of the ending scenario of attainment EXCEPT THESE SELF-PROCLAIMED, SO-CALLED "JEWS". I do not make the definitions--I simply lay them out for

you discerning readers.

I do ask you to particularly pay attention to the subject of Semitism for these so-called, self-styled "Jews" are NOT SEMITES from the tribe of Shem. So it is typical of the "adversary at work", they CALL YOU THAT WHICH THEY ARE! These "New" people are not even a "race" and they represent everything that your Constitution stands against--they wish to rule the world, and America, when they proclaim themselves to be a "religious" group. Why don't you let the Presbyterians rule your world? How about the Catholics? I think it might be nice if you turned your world over to the Ashram of Yogananda and/or the Leadership of Jim Jones! CAN YOU SEE, PEOPLE, HOW YOU ARE HOODWINKED?????

I suggest all you readers make SURE you obtain a copy of END OF THE MASQUERADE, A Phoenix Journal, and study it most carefully. The Cuckoo Bird has stolen your nest and you didn't notice it--you just continued to encourage it and feed it until it killed your own flock and has taken the coop. I have nothing but Love, Respect, Reverence and Total association with the Judeans--I WAS A JUDEAN!!! These from the lineage of the Khazars are NOT OF JUDEA NOR OF THE TRIBES OF ABRAHAM NOR DAVID. The first expendables will again be the ones of Judean descent--for these Newly Self-Proclaimed "Jews" are the destruction of your entire line of historical truth. So be it!

Next, this group of Zionists will tell you the "Protocols" are plagiarisms and unauthorized "counterfeit"--(WHICH BY THE WAY, MEANS COPIES, REPLICAS). You will be well advised to really study those Protocols! The Protocols are reproduced in the END OF THE MASQUERADE.

Now, since I write often on this group which is entangled within and controls America's Congress--I am going to give you another fact which you can look at which is under your noses right this minute and, again, YOU discern WHO is being anti-Semite--for YOU, who are not "JEWS" according to "their self-proclaimed label", are the SEMITES. You thought yourselves Gentiles? So be it--YOU ARE ALSO SEMITES!

JUDEO-CHRISTIANITY:

3. JUDEO-CHRISTIAN

CM: (Controlled Meaning) The religion of Jesus which branched out of Judaism at the time of the early church. Both Christianity and Judaism have the same origins and the same God. (Oh, God forbid!)

TM: (True Meaning) A religion created for the purpose of destroying Christianity by watering down Christian ideals and neutralizing Christians. Also, designed to promote and protect Jews and Judaism in the Zionist sense of the definition of those misused and created terms.

Note: "Judeo-Christianity" is an oxymoron: (a moron dumb as an ox?) No--a word combination of two directly opposite things or ideas which are mutually exclusive as I just stated, thus defying all reason and logic.) Thus you can be sure anyone, any evangelist, any preacher, any monk, Saraswatti or other ill-informed human being using the term as a true term--is not projecting God but rather, ignorance at best, intended deceit at worst, upon your tender ears and/or eyes.

4. GENTILE

CM: Anyone who is not a Jew, and thus a potential "anti-Semite".

TM: From the Latin word "gentilis", meaning "of the same gens, clan or race". In the Bible, the word "gentile" is a mistransla-

tion of the Old Testament Hebrew word "goy", and the Greek New Testament words "ethnos"--both meaning "NATION OR PEOPLE" (ANY nation or people) and should have been translated as such. It does not mean "non-Jewish!" BUT--YOU BETTER WATCH OUT BECAUSE IN THE "PROTOCOLS OF THE ZIONIST ELDERS OF WISDOM--IT MEANS ANYONE NOT A "ZIONIST 'JEW'". A modern version and mistranslation to be sure--but a deadly definition, at any rate.

You can, however, always tell a FALSE prophet by his/her use of this term. This term would not have been in any of the books for it is a mistranslation of the Old Testament Hebrew word "goy". In the New Testament, it comes from the Greek word "ethnos". Both of these words as I said, mean "nation" or "people", (any nation or people) and should have been translated as such--any way you cut it, it DID NOT COME DOWN AS A WORD DIRECTLY FROM GOD ON HIGH--IN THE HEAVENS! It does NOT mean "non-Jewish" as we have to utilize the word for clarity but most churches misuse the term and never realize they have incorrectly spread false teachings. This is a new "media" word to further disinform you. It was planted in the Bible to get a very specific response in this day, my friends.

5. JEW

CM: AN ISRAELITE. THE SEED OF ABRAHAM. THE CHOSEN PEOPLE OF THE BIBLE. JEWS ARE PERPETUALLY PERSECUTED BY ALL OTHER PEOPLE ON EARTH. SOMEONE WHO PRACTICES THE RELIGION OF THE OLD TESTAMENT, WHICH IS CALLED JUDAISM. GOD JUDGES THE NATIONS PRIMARILY BY MEASURING EACH NATION'S RELATIONSHIP WITH THE JEWS. GOD

BLESSES THE NATIONS WHICH SUPPORT THE JEWS, BUT HE CURSES THE NATIONS WHICH DO NOT SUPPORT THE JEWS. THE CHRISTIAN FAITH OWES ITS EXISTENCE TO THE JEWISH CULTURE FROM WHENCE IT WAS SPAWNED. (WHAT ROT!)

INTENT: To bribe and prejudice Bible-ignorant "**JUDEO-CHRISTIANS**" into passively granting the Jews a carte-blanc to do anything they please with total impunity--and to get you to hop in there and help them.

TM: The word "Jew" did not appear in actual use until over 1000 years after the crucifixion of one called Jesus. It means someone who adheres to the religion of Judaism (modern Pharisism according to the Talmud), or in some way considers himself (self-claimed, so-called) a part of "Jewish culture". For the modern "Jew" it has **ABSOLUTELY NO RACIAL SIGNIFICANCE**. "Jews" are some of the most racially mixed people on earth due to their multinational history, their practice of interracial marriages, as well as their contemporary international bias. Down through the ages, they have moved from nation to nation as they were rejected (due to their immoral religion) by every land they have inhabited. Over 90% of "Jews" today are descended from the ancient Khazars--a racially non-Semitic bunch of anti-Semites in the true sense of definition as I have pointed out to you as regarded the passage of Canaan, etc. These non-Semitic people were from East Europe. It is estimated by your own historian's counting that, of those who claim to be "Jews", less than 5 percent have even the slightest claim to the blood line of Abraham.

In your English translations of the Bible, the word "Jew" was incorrectly used to **REPLACE**:

1. "**JUDAHITE**" in the *Old*

Scriptures, which referred to someone from the tribe of Judah, or a citizen of the land of Judah, and

2. "**JUDEAN**" in the *New Scriptures* which meant a resident of Judea, or a follower of the corrupted Babylonian religion of that area.

Since, then, there were NO "**Jews**" nor "Jewish religion" at the time of the writing of the Scriptures, these names should never have appeared in the English translations, nor in the Books of any Doctrine of any "church". The word "Jew" or "Jewish" did not exist as words nor appear in actual use until over 1000 years AFTER THE RESURRECTION of JESUS. In ALL cases the word "Jew" was incorrectly used in your English translations of ALL of the Bibles to replace the true word "Judahite" in the Old Scriptures and "Judean" in the New Scriptures. No true Prophet of God would even accidentally utilize these terms for any text DIRECTLY GIVEN FROM GOD. The terms are most ignorantly utilized and in ALL instances of use indicate either false writings or changes at the hands of "translators". There can be no other "divine" reason. This goes for any "church" anywhere.

Now you might begin to see just why "**YOUR PREACHER**" of your typical "**DOCTRINED CHURCH**" who tells you what to do and what is right or wrong and decides your fate for you--JUST MIGHT NOT WISH YOU TO READ THE PHOENIX JOURNALS OR **EXPRESSES** WHERE YOU MIGHT FIND OUT THE TRUTH IN WHAT I HAVE JUST OUTLAID TO YOU.

6. **ANTI-SEMITISM**

CM: A disparaging or antagonistic attitude, or hostile act toward a Jewish person, Jewish organization or the religion of Judaism.

COVERT INTENT: Used to disarm, intimidate and confuse Christians and others into submission to Jews at the expense and eventual destruction of Christianity and all other belief systems based on anything other than the Zionist Talmud.

ACTUAL MEANING: Opposition toward people of Semitic (Shemitic) origin--**WHICH BY FACT INDICATES ANTAGONISM AND HOSTILITY ON THE PART OF THE "JEWS" TOWARD THE GOD-REVERING PEOPLE**. Note: Most people who call themselves Jews are NOT Semitic in origin (Descendents of Shem), but are in fact, come from the lineage of Cain and birthed through the Curse of Canaan moving forward as Phoenicians, Venusians, Pharisees and Khazars into imitation "Jews". Shemitism (Semitism) has nothing to do with Jews, Jewish organization or Judaism--JUST FOR YOUR INFORMATION.

7. **DIASPORA**

TM: The dispersion of the "Jews" among the Gentiles after the Babylonian captivity. (From Funk & Wagnalls Standard Desk dictionary.)

We will only handle a dozen or so falsely used terms so as not to overload and will add to the dictionary as we move along and find it necessary.

8. **CHURCH**

CM: A building or organization used by Christians (predominantly, so as not be confused with synagogue or temple) to meet together regularly to sing, pray and worship according to denominational doctrines.

TM: The English word "Church," the Scottish word "Kirk" and the German word "Kirche" all originate from the Greek word "KURIOKOS" which means pertaining to the THE

LORD.

The "Judeo-Christian" (oh pain and agony on us all) use of this word carries with it an enigma that defies all logic and reason. The English Bible translators substituted the word "church" KURIOKOS for the Greek word "ECCLESIA".

9. ECCLESIA

A Christian ECCLESIA is "A CALLED (convoked) CIVIL BODY": a local Christian assembly of elders (Christian Civil Government). The word "church" should not even appear in the English New Testament. It is a mistranslation. "KUROIOKOS" is *not* "ECCLESIA"! The words are totally different; the institutions are different. No where in the Bible do you find a kuriokos. There is only "the called-out (elect)" ecclesia which unfortunately was mistranslated into "church", transforming it (in English) from Christian government to superstitious and ritualistic Baal Worship.

Encyclopedia Britannica, Ninth Edition (1989):

"In the New Testament, ecclesia, signifying 'convocation', is the only single word used (translated) for 'church'. It was the name given to the governmental assembly of the citizens of ATHENS (NOW GREECE), duly convoked (called out) by proper officers, and possessing all political power, including even juridical functions."

Let us discuss each of these terms in context of examples, please. Jesus the Christ NEVER established a church on earth. Neither did he in "latter" days nor in "former" days. "Churches are man-made organizations that are, in most cases, creations of the "State" laws of incorporation or non-taxable organizations. There are no exceptions I can think of off hand. By following the State rules the President or minister or whoever falls

under the official laws of the State and ceases to follow the total instructions of Jesus Christ or God Divine.

During Jesus' mortal experience he directed his Apostles to establish ecclesias, not churches, among the Israelite people (israel: a people chosen by God and this does not mean even Judean nor Palestinian. It is a description, not the name of a state.) He commissioned them to preach the good news of the Reign (influence) of Christ (ideal type of humanity through right actions, thoughts and deeds). That does not say Jesus or Yeahoo--it says: preach the good news of the influence of the teacher giving forth the ideal type of instructions to humanity! Neither does it say to go forth and give your opinion as to what you *desire* to believe but project that which was given forth by the Christed teacher (messiah) messenger. **ANY TRUE PROPHET OF GOD--knows this and would not sway the meaning nor mistranslate the words chosen for the "modern" translations of truth--GOD DOES NOT MAKE ERRORS IN PROJECTIONS OF DIRECT PROPHETIC DIALOGUE. ESPECIALLY WHEN GIVING FORTH "ORIGINAL" PROJECTIONS AND INSTRUCTIONS--A GOOD CLUE AS TO WHERE "YOUR" FAVORITE PREACHER OR PROPHET MIGHT BE CATEGORIZED.**

10. SATAN

CM: The Arch-Fallen Angel. An evil being so powerful as to rival God himself. Originally he was "perfect" in every way, but his pride led him to organize a heavenly insurrection among the angels in which one-third of "the heavenly host" revolted against God. God managed to retain his throne, and the rebels were banned from heaven and sent to earth. Earth, a lesser dominion than Heaven, became the kingdom of Satan--"the god of this world". He is the cause of all evil upon the earth,

leads men astray and causes them to sin against God.

TM: ANY adversary or opponent! God was a "satan" (adversary) to King David at one point (compare second Sam. 24:1 and first Chron. 21:1). If the English translators had been consistent, Bible readers would have known that an angel of the Lord was "a satan" (adversary) to Balaam (Nu. 22:22). In first Sam. 29:4, Philistines called a Hebrew a "satan" (adversary). The sons of Zeruiah were "satans" (adversaries) to David in second Sam 19:22. David wrote about other "satans" in first Kings 5:4,11:14, 23 & 25; Ps 38:20, 71:13, 109:4, 20, 29. In these scriptures, "adversary" is the same Hebrew word that is translated "Satan" in other passages.

The super "fallen angel" (Satan) of the churches is an impossible myth. This "evil god" exists only in the minds of victims of religious brainwashing. Human "satans" and "devils" walk the earth today, just as in the time of King David. Fear and preoccupation with spooks make people unable to see their real enemies.

This "Hebrew" word was never translated into its English equivalent as it should properly have been. The only change the rapists made was to capitalize the first letter, thus attempting to turn it into a name and not a definitive "active verb" word. Any true prophet of God would not place such a word as Satan in one of the original documents for God would not make such a direct error. Further, if the translators had been accurate the word would never appear anywhere in any Bible of any denomination.

The so-called super "fallen angel" (Satan) of the churches is an impossible myth. This evil "god" exists only in the minds of people that have fallen victim to religious ideologies. Now, I too, have uti-

lized the term from many references for you have conjured up something which does exist in your "REALITY" and therefore, it DOES EXIST. It did not, however, exist and was NOT A PORTION OF ANY ORIGINAL DOCUMENTED INSTRUCTION OF GOD. If the word appears--it has been given new meaning from that originally intended and is a true "EARTH" given word.

Had that very descriptive word "satan" been correctly translated, the English word "adversary" or "opponent" would have been used in all the places where the word "satan" appears in the Old Testament, New Testament, Book of Mormon, Doctrine and Covenants, Talmud and all inclusive of all "so-called" Holy Books of instruction. I am forced to use the terms you utilize in my outlaying of the truth from the lies for you have no other background against which to find relativity and definition.

11. DEVIL

CM: Here is a dandy one: Synonymous with "Satan". The supernatural arch-demon who fell from heaven and now, with his legions of demons, reigns over the earth. God's arch-enemy who spoils God's plans for mankind and destroys people by his power over them.

It is assumed that Man does not have the ability to resist "The Devil". Therefore, you are somehow helpless against his nasty old power--except when God chooses, periodically, to help you fight him. Mankind is generally under the control of this supernatural "spirit-being" who is immortal, omnipresent, and apparently a rival to God Himself.

Let us look at the BIBLICAL MEANING:

In the Old Testament this word is found four times--only in the plural (devils). Twice from the Hebrew word "shade", and twice from

"saweer".

1. SHADE: One who rises up against you (with insolence).
2. SAWEER: A he-goat (related to mythological "satyr"--half man, half goat).

Neither of these definitions from the Old Testament indicate anything supernatural or angelic. "Shade" simply means someone (anyone) who wants to hurt you. "Saweer" is a reference to a goat-type idol of the pagans.

The New Testament Greek "devil" is "DIABOLOS": One who "thrusts through" (as with a sword)--no indication of supernatural power. (DIA--through, and BOLOS--to thrust.)

A "diabolos" (a devil) is something, or someone, who intends to hurt or destroy you. A "devil" can be a person, a group, or an organization that seeks your demise. To find a supernatural "devil" in the Scriptures, he must be read in by prejudice and presupposition on the part of translators and readers.

Therefore, the words "devil" and "Lucifer" are two words the "church" uses falsely and synonymously with "Satan". Neither of the Hebrew words translated devils indicate anything supernatural or angelic.

In the New Testament the Greek word "diabolos" was translated "devil". Diabolos simply means one who thrusts through (as with a sword). No indication here that you have a supernatural spirit-being. Here again, beloved ones, no true prophet of God would misuse the word "devil" in the way it's used in the Holy Bibles or any "directly given Scriptures" from God on High. I care not what the "church" or "denomination" calls itself. Certainly all are incorrect but translated from the Judeo-Christian in the King James Bible was totally wrong as we shall see

in a minute because Judeo-Christian has no meaning as such--these are two mutually exclusive terms and NEVER the twain can meet for they are in opposition one to the other.

The word "Lucifer" as a proper name is simply not found in the Hebrew or Greek Bibles. That probably shocks a lot of you nice people, since everyone assumes it is, but the fact remains it's not. The Hebrew word translated "Lucifer" in the King James Bible is "heyel" which means "brightness".

The New World translation uses "shining one", another translation uses "shining star" and the Revised Version uses "day star" for the Hebrew word "heyel". I further suggest that probably in Lakota Sioux the term heyoka (a sacred clown) would also fit in there somewhere.

Lucifer, meaning "light-bringer" is a name given to the planet Venus when it appears above the eastern horizon before sunrise. Venus being now a quite "dead" and ungracious-to-life planet is possibly quite suitably dubbed Lucifer. It is also a term stolen by the dark brotherhood of energy projections that Lucifer and Satan refer to themselves as the Prince of Light--and befitting their vow to lie, cheat, steal and corrupt--it sounds better than the Prince of Darkness which is the correct term for the energy forms inhabiting the humans bearing these energies.

Next, let us look into:

12. HEAVEN

MYTHOLOGICAL DEFINITION: A literal place somewhere in outer space where good people go to live when they are dead. The location where Jesus lives until He can return to Earth and rapture a select few people to take back to heaven from somewhere on fluffy clouds. A city is there which has gates lit-

erally made of huge one-piece pearls, streets of transparent gold and walls of sapphires, emeralds, topaz, jasper and other precious stones. The devil came from there, got kicked out (which he did), but he cannot go back (which he can't)--nor can anyone in the service thereof.

CORRECT DEFINITION: Usually plural ("heavens") in the Greek, meaning "high places"--in terms of: 1. Elevation, or 2. Power and authority (jurisdiction). In the Biblical sense it is usually "God's government" (the highest authority); government under Jesus whose purity and righteousness is symbolized by pure and precious stones.

This term is so tossed around by all the denominations of self-appointed "churches" as to nauseate quite thoroughly. It designates a physical place somewhere "out there" in the outer limits. This is such a false teaching as to even go beyond nausea and into anger. The word "heaven" actually means "high level" as in power and authority (jurisdiction). In that good old King James version of the Bible, the word "heaven" usually refers to God's position of power: His government. In other words, the highest place of rule. No place in the King James Bible does it refer to "heaven" as a physical place the good people ascend to or inhabit after they die.

13. HOLY SPIRIT

CM: A person or personage of God; either a third person in the Trinity or a third god in a council or godhead. This person is separate from the Father and the Son and has separate and different functions to perform in a believer. In some cases this "third person" can "possess" an individual so that he or she supposedly has no control over actions or words. Sometimes referred to as the "Holy Ghost".

This one gets us into all sorts of trouble for now even we of Cosmic brotherhood have to explain our use of the triangle points (vortices and interconnectors) of the triangle which we refer to as the "triune" of total connection enclosing the infinite circle of sacred beingness--without beginning and without ending but inclusive of all that IS! In our Command our symbol includes the Phoenix for it is representative of the infinite beginning again (rebirthing) from that of the old ashes of that which WAS. Further it represents the connection of the "winged" or Cosmic brotherhood coming (or sent) forth at this time of renewal and transition in preparation for the coming of the "Greater".

TM: Holy Spirit is not a separate person or separate "god". The English word "spirit" is translated from the Hebrew Old Testament word "RUWACH" (roo'akh) and from the Greek New Scriptures, the word is "PNEUMA" (panyew'mah). In both cases the words literally mean "AIR IN MOTION" (and in this wondrous day and age--usually "hot air" in a lot of forced motions from between the lips in the lower hole in the face.) Spirit is a desire; a feeling or disposition which compels us to move or act. Holy Spirit is God's wondrous and beautiful motivation in your/our lives and experiences to do "His Will" and obey "Him" according to His laws and those of The Creation. The word "ghost" (Holy Ghost as often used instead of Holy Spirit) comes from the German word "geist", and means a disembodied spirit of a dead person (another myth). It has no appropriate application or association in any manner whatsoever to Scripture.

This term represents a power; motivation--not some person or singular third party in a triune triangle. It is, however, common for the term to be mistranslated from the Hebrew and Greek words for

"Spirit" as Ghost. But most of the time it was translated correctly as "spirit". The word "ghost" comes from "geist" as I said: an old German word- - -etc.

14. DOCTRINE

CM: Non-essential beliefs, personal eccentricities and inflexible tenets which create differences between churches and destroy fellowship and unity.

TM: Doctrine is a teaching; a principle; a studied conclusion or position. Sometimes called "dogma" (German for "doctrine"). II Timothy 3:16 says that Scripture is doctrine. Isaiah 29:24 says that the people who are in error will be able to understand the truth when they learn "doctrine".

There are NO "non-essential" truths! NONE are expendable! None can be discarded or ignored! Truth stated as a principle is doctrine.

Without doctrine it is impossible to teach or arrive at an opinion. Discernment, judgment and correction would be impossible.

"*Judeo-Christians*" sometimes display an "anti-doctrine" attitude: a symptom of ignorance and total confusion. Some claim to have a position "against" doctrine (which is doctrine in itself), or one of neutrality concerning it. This is utter nonsense! Such a position, itself, as I just stated, is a most "absolute" form of projecting "doctrine". An anti-doctrine position exposes an ulterior antipathy for learning and wisdom.

When a person learns true doctrine and then considers it non-essential and chooses to set it aside, he contracts chronic spiritual blindness of the worst kind. (Try 2 Thess. 2:10-12).

Unfortunately by misuse of the words, the word "soul" and "immortal soul" get lumped into

the chaos of the lies. As used mostly, "immortal soul" is pure heresy. The Hebrew and Greek words translated "soul" in many places in the English Bibles, were correctly translated "life" in many other places. Not too many years ago, friends (in your counting), it was not uncommon to say or read that "so many `souls' were lost at sea", naturally, meaning so many "lives" were lost. Therefore, you assume that the soul is always IMMORTAL AND NEVER CAN NOR WILL DIE! WRONG AGAIN! There is a portion of each manifestation which is "soul"; it is the portion of God-self within and therefore will be immortal--UNLESS--the entity remains in a state of intentional "sin" and then, dear ones, that good old Book tells you that "...the soul that sinneth, it shall die". Ez 18:4. Oops! a bit hard to swallow???

The point of this dissertation is to allow you ones to look squarely at the truth of it--there is no magic blood-sipping in memory of, or flesh-eating in memory of--for it does not commemorate memory of anything a Christed teacher said or did--for Jesus, as you called him--BROKE BREAD AT THE TABLE AND SAID: EAT THIS IN COMMEMORATION OF ME AND Poured wine and said, DRINK THIS IN COMMEMORATION OF ME. HE NEVER SAID DRINK MY BLOOD AND EAT MY FLESH IN COMMEMORATION OF ANYTHING--THAT IS AN EVIL, "SATANIC" PRACTICE TO CAUSE YOU TO ACT IN BEHALF OF THE ADVERSARY.

I further tell you that ANY person going through any place of teaching in preparation to minister unto "God's lambs" SHOULD KNOW THESE THINGS--THEREFORE, THE OBVIOUS FACTS ARE THAT IT IS INTENDED THAT NONE OF YOU COME INTO THE TRUTH OF THESE FACTS.

15. THE HEGELIAN PRINCIPLE

Revolutionaries in government have created economic chaos, shortages in food and fuel, confiscatory taxation, a crisis in education, the threat of war, and other diversions to condition Americans for "The New World Order."

The technique is as old as politics itself. It is the Hegelian principle of bringing about change in a three-step process: Thesis, Antithesis and Synthesis (yes, I just recently gave you long writings about these things.)

Here again:

1. Thesis is to create a problem. The second step, 2. antithesis is to generate opposition to the problem (fear, panic, hysteria), and, 3. synthesis is to offer the predetermined solution to the problem created in step one--change which would have been impossible to impose on the people without the proper psychological conditioning achieved in stages one and two [This might well be a number two definition of the circle of infinity].

Applying the Hegelian principle, and irresistible financial influence, concealed mattoids seek to dismantle social and political structures by which free men govern themselves--ancient landmarks erected at great cost in blood and treasure.

Their objective is to emasculate sovereign states, merge nations under universal government, centralize economic powers, and control the world's people and resources.

16. HUMBUG

(as in bah-humbug) n.: 1. something designed to deceive and mislead 2. an attitude or spirit of pretense and deception.

Humbug v: DECEIVE, HOAX vi: to engage in a hoax or deception.

SO WHAT CAN YOU DO ABOUT IT?

Demand that people who confront you, give you their definition of words, terms and phrases. If you carelessly acquiesce to meaning "changes" in the war of words scattered at you from the "Bible" then you will remain a totally "thought-controlled" person and people.

People are continually controlled by introduced "thoughts". Since words are what conjure meaning and bear definitions, in physical form, they become manipulative tools for controlling thoughts in massive manner and thereby change the way people think about certain things. To accomplish this, the controller need only to change the MEANINGS of important words to fit their particular religious and/or political view, and invent NEW EMOTIONALLY-CHARGED TERMS to keep you confused and ignorant.

Eventually, all important words said by anyone will automatically convey the controllers' biased political/religious view and he will not even know difference. At this point it will become increasingly difficult for the opposition to construct an effective opposing argument because the words being used have been so effectively changed, defused, and/or made unpopular.

I can only urge you to bear these things in mind as we move along here for it is the foundation upon which the lie is based and there can be no truth found in the confusion of the lie--and when the confusion becomes too great for response--you are told to "accept it on faith". BS! DO NOT TAKE SUCH STUPID ADVICE--THIS IS YOUR SOUL DESTINY AT STAKE HEREIN AND IT IS TIME YOU TAKE YOUR DESTINY BACK INTO YOUR OWN

HANDS FOR YOU ARE BEING SOLD A BILL OF GOODS AT THE END OF A PRIMROSE PATH.

Now, for you who want to take this further in your current awareness of that which is taking place in your government at this moment, I will again thank the SPOTLIGHT out of Washington DC for the following for I cannot repeat all that I have given in the past two years. This will update our regular readers with new information as well.

ISRAEL LOBBY SHOWDOWN

Spotlight: July 8, 1991:

After months of muffled back-room altercations, the Bush administration is bracing itself for the one confrontation it has been anxious to avoid: an all-out public showdown with the Israel lobby, the most powerful alien interest pressure group in the United States.

The clash was set off by Israel demands earlier this year for \$10 BILLION in new U.S. loan guarantees to pay for the resettlement of immigrants arriving from the Soviet Union in ever-larger numbers--this year an estimated 400,000. [Why don't you Baptists demand \$10 Billion for resettlement of unsettled Baptists to wherever they might rather be settled? Do you think you will get it? How about you Catholics? Church membership is dropping--maybe you could gain a few more members if you had \$10 billion dollars to resettle a few people--perhaps even America's homeless and hungry?]

Secretary of State James Baker, in turn, imposed some conditions on such a staggering giveaway. Israel was told it cannot use the money to build more settlements in the occupied territories, denounced by Baker recently as

"the greatest single obstacle to peace in the Mideast."

Baker's request received a blunt rebuff from Israel, delivered by Prime Minister Yitzhak Shamir in the contemptuous public manner that he assumed in recent months when dealing with high U.S. officials..

"It's ridiculous to think that Israel would sell settlements for money," Shamir told a group of foreign newsmen, among them SPOTLIGHT special correspondent Wilson Blackburn. "We have no intention of making such concessions as requested by Baker. I am sure Congress will grant us the aid." [RIGHT FROM THE HORSE'S MOUTH AND RIGHT TO THE PRESS!]

COLD REJECTION

President George Bush, who reportedly made several private attempts to appease the Israeli government last month, including a private promise to veto all UN Security Council resolutions disagreeable to Israel, also met cold rejection by Shamir. Urged by Bush to soften his opposition to a U.S.-sponsored peace conference, the Israeli leader answered, "No", in a condescending letter that was assumed to be private but was soon leaked to the press.

With the American-Israel Public Affairs Committee (AIPAC) preparing for a test of strength with the White House in Congress, the attack of the alien lobby was opened by a blast from Henry Kissinger, whose unusually vituperative criticism of the Bush administration's entire Middle Eastern strategy, delivered to a group of visiting European bankers, reflected the importance of the issue.

Warning that U.S. demands might lead to Israel's "collapse", Kissinger suggested that Bush and Baker simply did not understand

the "realities" of Middle Eastern politics.

But expert policy analysts long familiar with the region's problems suggested that U.S.-Israeli tensions arose from a different direction.

KISS MONEY GOODBYE

"Bush and Baker have come to know Israel too well", suggested Jacques Czerny, a former congressional researcher who now teaches at an East Coast university. "They realize that a \$10 billion loan guarantee to Israel most likely means \$10 billion out the window."

For one thing, noted this scholarly source, Israel is not merely trying to raise \$10 billion, although that is itself a "backbreaking" sum for a tiny, threadbare nation. "They are trying to borrow \$25 billion--part of it here, the rest from Europe and Japan," Czerny related, "A loan that size will nearly double Israel's foreign debt. The prospects of repayment are worse than poor; they are nil."

In recent years, Israel has repeatedly defaulted on its more modest military sales credits received from the United States, Czerny warned. "These delinquencies go unmentioned because Congress is quick to forgive Israel's overdue obligations," he noted.

In recent years, the ministate's forgiven debts totaled more than \$10 billion, Czerny added. [Also, I remind you to look to the incredible sums you outrightly GIVE to Israel which do not even include the stockpiles of military equipment and weapons. Over \$3 BILLION in cash annually, for instance!]

SECRET DOCUMENTS RE-LEASED

Moreover, a set of secret doc-

uments obtained in Israel by local peace activists released recently to the United Nations in New York has made it difficult for the Bush administration to retreat from its Mideast position if it wanted to, it has been learned from senior diplomats at the world forum.

The papers, apparently part of a planning memorandum drawn up for Israeli Housing Minister Ariel Sharon by senior aides, reveal that the ministrate's government is planning to use U.S.-sponsored funds to multiply its illegal settlements on the West Bank and in Gaza as much as 10-fold.

Sharon's settlements, forcibly planted in the Palestinian provinces under Israeli military occupation, are designed to drive out the region's historic Arab population and make way for the ultimate annexation of these territories into the "greater Israel" envisioned by Shamir and Sharon.

CONQUEST ON CREDIT

Baker has warned Bush that America's European and Arab Allies, long critical of submissive U.S. support for Israel, would never accept this sort of "conquest on credit" by the ministrate.

Bush, angered by what he privately called the lynch-mob media beating of his Chief of Staff, former New Hampshire Gov. John Sununu, has been told that some of the sharpest press attacks on Sununu for his lavish use of government transportation were set up by the Israeli lobby, where Sununu is distrusted for his ARAB (LEBANESE) ANCESTRY and feared for his attempts to make the administration's Middle Eastern initiatives more even-handed.

"It seems AIPAC is trying to give Bush a preview of what he's in for if he stands up to Israeli demands, which have been getting more and more exorbitant," said

veteran Washington lobbyist Kelly Fitzwilliam. "But if he refuses to be browbeaten by these bullies, who are already gloating over Sununu's impending fall, Bush will find more popular support for a strong stand against Israeli extortion than he knows."

How about just a bit of hard fact on money-to-Israel. Money always seems to get your attention when morality will not.

ADDITIONAL BILLIONS FOR ALLY

Although in recent years Israel has been getting over \$3 BILLION annually as its publicly allotted, taxpayer-funded subsidy--the lion's share of the U.S. foreign aid budget--since the beginning of the gulf war the Bush administration has slipped the ministrate a reported \$4.5 billion in additional benefits straight across the board.

A number of these handouts are either concealed or misreported as a portion of so-called security assistance spending. From private conversations with congressional investigators, White House sources and UN officials. Let us look at a listing of just a bit of this "payola".

* A total of \$1.1 billion in three installments as compensation for losses and damages suffered from the gulf war. The original sum requested by Israel was \$1 billion; after a month of wrangling, Congress approved \$650 million in February. More handouts were added as the ministrate's appetite for them grew during the crisis period of the war.

* An advance of \$400 million against the requested \$10 BILLION loan guarantee claimed by Israel as its "just compensation" for resettling a flood of immigrants from the USSR.

* A special handout from so-

called Foreign Military Sales funds, committed by Secretary of Defense Richard Cheney during a March visit to Israel, for \$290 million, to purchase a fleet of Diesel submarines for the ministrate from Germany. This grant, demanded by Israel for two years, has thus far been turned down. Now it goes on the taxpayers' bill.

* Funding commitment for \$900 million to finance Israel's development of a sophisticated anti-missile system known as the Arrow. Of this pledge, \$630 million will be paid this year in cash, the rest later.

* A secret contract for maintaining and repairing U.S. warships and planes, that grew out of the classified memorandum of understanding signed by the United States and Israel in 1987, will be greatly expanded, providing Israel with benefits worth an estimated \$150 million annually.

* The ministrate's air defenses will be upgraded and expanded with the addition of jet fighters, two AWACS aircraft, and the most advanced helicopter gunships. This deal, still being negotiated between Washington and Jerusalem, will be ultimately worth well over \$300 million to Israel, congressional sources say.

* From the deep-cover funds of the Pentagon's so-called black budget, the Mossad, Israel's secret service, WILL RECEIVE A TOP-SECRET SUBSIDY OF \$125 MILLION. THE PURPOSE IS TO SET UP AN "OFFICE OF COORDINATION" WHERE THE CIA AND THE DEFENSE INTELLIGENCE AGENCY MAY SHARE INFORMATION OBTAINED FROM THOUSANDS OF SOVIET IMMIGRANTS IN THE COURSE OF AN AUGMENTED PROGRAM OF DEBRIEFINGS ORGANIZED BY THE MOSSAD.

* Under a separate series of

secret agreements negotiated by Cheney, designed to increase the capability for allied military intervention in the Persian Gulf and the Mideast in general, Israel will get both its pick of the sophisticated military equipment shipped to the gulf by the United States during the war, and a lucrative contract for "prepositioning"--that is, warehousing and maintaining--large stores of additional combat gear for emergency use by American expeditionary forces.

Although the total cost of this arrangement will not emerge for years, congressional sources say the "SECRET" sums will be at the least, an additional \$1.3 BILLION and that is if nothing else is granted.

"Of course, this is just the 'front end' of Israel's financial juggernaut. It does not include, for instance, the extra \$7 Billion the Israeli government plans to get during the next two years in tax-exempt donations from Americans--money that is impoverishing the taxpayer as surely as wasteful military spending does."

Yes, indeed, Methodists--why don't you get in there and DEMAND equal rights! What about you atheists? Now, I would most certainly get in there and claim my rights if I were a good Mormon Zionist and do a little improvement work around the temple grounds in Salt Lake. Perhaps you have some members of your group who would like to relocate into your area--nicely paid for with ongoing income. I suggest this HAS ABSOLUTELY NOTHING TO DO WITH ANTI-SEMITE OR PRO-SEMITE--YOU ARE BEING ROYALLY "SCREWED", WORLD. THIS GROUP DOES NOT PLAN TO SEPARATE CHURCH AND STATE--THEY PLAN TO MAKE IT THE SAME AND THEY PLAN TO RULE THE WORLD, HOOK, LINE, SINKER AND "DEAD" FISH!

YOU, BY THE WAY, ARE THE DEAD FISH!

Now we are going to change the time and date and give you something else which will be quoted (but I intend to protect this source for it was one of my own contacts on your place--murdered in March, 1987!). (There is still family at stake and I honor that predicament!)

WEATHER MODIFICATION AS A WEAPON OF RETALIATION

No, it is NOT changing the subject for it is all part of the same thing and you had better be waking up!

QUOTE:

A few nights ago on February 21 (1980), the CBS Evening News presented a sensational report. The report claimed that ISRAEL HAD CARRIED OUT ITS FIRST ATOMIC BOMB TEST LAST FALL (1979). CBS alleged that the bomb had been exploded over the South Atlantic last September 22, 1979. It was also stated that nearby South Africa had assisted the Israelis in making the atomic test. It all sounded like a neat answer to the famous mystery of the giant double flash in that area several months ago.

The mystery began last October 25, 1979. On that date the United States released a statement through the State Department. The statement began by saying the United States had obtained, quote: "An indication suggesting the possibility that a low-yield nuclear explosion occurred on September 22." Those are very uncertain words, but the rest of the statement was even more vague. For example: The location of the supposed explosion was narrowed down to, quote: "an area of the Indian Ocean and South Atlantic including portions of the Antarctic Continent and the southern part of Africa".

That's an area of several million square miles. In addition, the United States Government admitted having no corroborating evidence about whatever had happened, and the announcement ended in the doubtful words: "We are continuing to assess whether such an event took place."

Many people were very disturbed by the fuzziness of the announcement. It was apparent that something spectacular had taken place near South Africa, possibly an atomic blast; but the United States was not sure what it was, or where it had happened, or even if it had really happened. Some people wondered, "How could this be?"

You are constantly told that the United States can watch the world with Early Warning and Spy Satellites. You are led to believe that no one could fire a missile at you even from a submarine at sea without being caught in the act by your satellites. To make matters worse, reporters soon found out that the satellite which picked up the mysterious double flash was NOT an Early Warning nor Spy Satellite. And what of all those that were just MISSED in the Iraqi circumstance? It was an aging relic launched over a decade prior, called a Vela Satellite. It was the die-hard last survivor of a series of monitoring satellites for the Atmospheric Test Ban Treaty, and it was little more than luck that it happened to spot the mysterious double flash in the Fall of 1979. Had the double flash taken place out of range of the Vela, it would have gone completely undetected by the United States, because the United States no longer had any Spy or Early Warning Satellites continuously orbiting the earth. Russia finished shooting them down in 1977.

Ever since the United States announcement about the double flash late in October, 1979, the mystery about what happened refused to go

away. A panel of scientific consultants were convened by the White House early in November, but they had ended up with no conclusions. Then came the CBS report in February, 1980 describing the alleged atom bomb test by Israel in the South Pacific.

ISRAEL DID AND DOES HAVE THE BOMB, BUT THE CBS STORY ABOUT A TEST WAS A TOTAL LIE. By the following evening, February 22, CBS was already backing away from its Israeli A-bomb story. The truth was that there was a giant double flash in the South Atlantic the prior fall, but beyond that point there was nothing but lies and inaccurate guesses about that double flash mystery. The lies began with the Government announcement of October 25, which gave a falsified date and time for the incident in point, and the confusion just kept on growing.

What actually happened? Well, there is something additional you need to know about as a matter of survival. The brilliant flashes detected by the Vela Satellite were produced by an experimental test, but what was tested was not an atomic bomb. The test was carried out, not by Israel, or South Africa, but by Russia, and what Russia learned from that test has been put to use against the United States over and over again--with increasing frequency to the present time. The incredible series of storms which began to devastate southern California and Arizona at that time were not natural but man made.

The original State Department announcement of October 25 did not describe what the Vela Satellite had seen. It simply said that it appeared to be an atomic test, but within a day or two word leaked out that it was a pair of blinding flashes one right after the other. The first one was powerful, but the second was many times more powerful. For months debate raged

over whether this was the result of a nuclear explosion.

I write this today, for in a meeting yesterday, I was asked whether or not a nuclear device had been exploded over the San Francisco area--the incident to which the inquirer was referring was this type of projection--not a typical nuclear weapons device. Of course, it is technical only in difference of terminology. The light produced by a nuclear blast behaves in a way that is extraordinarily similar to what the satellite detected that fall--that is, there is a brilliant flash, followed by a much brighter flash. So why the big mystery? Just this: Visible light is not the only radiation from either of these blasts. But there is a difference. A nuclear explosion sends out floods of deadly gamma rays, X-rays, and neutrons. The Vela Satellite is equipped to pick up all those things *if* they are present--but they were not present in the proper components. There was a giant double flash of light but not the typical death rays and afterward, no radioactive fallout was found as would have been expected. Acoustic sensors on earth confirmed that some kind of giant explosion had taken place and some expected atomic particulate was witnessed but not of the kind from nuclear "testing". So, what kind of explosion could it have been?

Remember all those nice air-quakes which go loud boom-boom and have no identifiable cause? There were whole bunches of those in 1975 and have never ceased in being reported (but usually only on a very local broadcast as having no "known" cause but usually laid to military aircraft, etc.). In 1978-79 there were thousands of people from South Carolina to Connecticut and elsewhere being frightened out of their wits by the booms. Public officials dreamed up all kinds of ridiculous cover stories to try to explain them away. Since that time, the official cover stories

about the booms were proven to be nonsense by your own establishment scientists at places such as Cornell University; but to your "rulers", the only thing important and that mattered was that people forgot about the booms in a very short while--now it is totally forgotten two hours after occurrence. The real reason for those air booms during that time was that they were being produced by several deployed Russian hovering space platforms. Those platforms were and are called CosmoSpheres--which are far more highly sophisticated today than a decade ago. These platforms constituted a "third leg" of Russia's secret Space Triad, and they were creating those giant air-booms by defocused firing of their charged particle-beam weapons into the atmosphere.

Well, these sweet little toys and the similar beam systems you have conjured are also used in weather modification. But the CosmoSpheres all by themselves have never been as effective in weather modification as desired by Russia so continuing high-pressure is poured into the projects. This is another reason the Russian military DOES NOT WANT THE ARMS TREATY AND SATELLITE SYSTEM BROUGHT WITHIN THE BOUNDS OF THAT DEMANDED BY THE U.S., AND NOW, THE UN. These CosmoSpheres are not yet as sophisticated at weather alterations as they are at causing instantaneous and on-target earthquakes and deep underground disturbances through the "eye" of a volcano to cause eruptions, etc. You, too, have these capabilities and in this day and age, you cannot tell who exactly is doing what to you.

The Russians have been in full-ahead work to devise more powerful techniques of weather warfare as a contingency weapon; and they have succeeded in developing a far more powerful system for such modification. Russia's weather-

war system involves two legs of their Space Triad working together. One leg consists of the Cosmospheres, and the other leg is the Moon with its network of giant particle-beam weapons. The Particle-Beam weapons systems on the Moon are at least 100 plus times more powerful than those aboard the hovering Cosmospheres. When fired at the Earth, they can produce instant destruction over a wide area so, for their first test firing they chose a target area where they thought the effects would go mostly unnoticed by everyone else--but their choice turned out to be a bad mistake.

There had been a prior test firing from the Moon at the Earth. There was a huge cyclone in the Bay of Bengal, southeast of India. It was a giant storm, many hundreds of miles across--the perfect cover for a test firing. Or so the Russians thought. But they made a small miscalculation as they chose their aiming point at the Earth. They knew that the particle-beam would be deflected by the earth's electromagnetic field, and tried to correct for it. But there was a small error in that correction and, as a result, the particle-beam blasted the sea too close to the Indian coastline.

Eyewitnesses who saw the results reported that there were TWO enormous Blinding Flashes, and the whole sky lighted up as though on fire. Then a vast tidal wave--about 30 miles in length along the coast and 18 feet high--just bore in upon them--right out of nowhere!"

The giant double flash had the same source as the giant double flash in 1979 and many others reported all over but mostly now going totally unreported. Both are caused by particle-beam weapons fired by "Man-made" apparatus.

When a target on Earth is fired at, especially from a distance such as the Moon, a pair of beam weapons are fired in sequence--first one,

then the other. The first blast is largely dissipated in the atmosphere. In the process, it creates an ionized condition called a confinement channel through the air. Moments later, the second beam is fired at the same spot and it follows the confinement channel right down to the Earth's surface. The target on the Earth's surface--even if it is the sea itself--explodes violently. If it is aimed at a point within the Earth--say several miles in depth--it causes great displacement in that particular point of target. The firings are in such rapid sequence that the effect is one of a singular "boom" unless a practiced ear is intentionally tuned to the event. So a lunar particle-beam attack creates a double flash every time and often a Cosmosphere, if a great distance into space, will also create a double flash.

MISINFORMATION--THEN AS NOW

Let's see what your government did with that information. When they made the first announcement about it on October 25, 1979, they lied about both its date and time. The official story was that the double flash took place at 3:00 AM, in the early morning hours of September 22, 1979. But it actually took place on October 22--just three days before the October 25 announcement about it. October 22 was the same day, dear, friends that the former Shah of Iran arrived in New York City--ah, these strange coincidences!

On one hand, the Russians were maneuvering the Shah in hopes of undoing the Bolshevik-Iran Crisis strategy. But at the same time, the Russians were also gearing up for hostilities in case their maneuvers with the Shah should fall apart.

As a matter of interest, the double flash took place around 3:00 PM in the afternoon--not 3:00 AM as claimed officially. The U.S. Government falsified the time and date

as a trap for the unwary--and the many fell right into that trap and played the full game of misinformation. This is only one of a zillion examples of which we have shared many--not to even include the Iraq War.

SO WHAT DID THEY HAVE IN MIND AT THAT TIME?

At that time of the initial public reports about the double flash the prior October, the Russian experiment in the South Atlantic was still in progress. It had begun on October 22, when two lunar particle-beams were aimed at a location in the South Atlantic. The desired bull's-eye was at the navigational coordinates 35 degrees South, 26 degrees West. This point is on a parallel with the lower tip of South Africa, but is slightly closer to South America than to Africa.

Two of the Russian particle-beam weapons on the Moon zeroed in and prepared to fire. Meanwhile, a quadrangle of Cosmospheres were ranged around the target area. The four Cosmospheres were deployed at the corners of a square 800 miles on one side, centered on the bull's-eye at sea. They were hovering at an altitude of 100 miles. It was expected that the Moon bases would achieve much better accuracy than on the prior try. But just to be safe, the Cosmospheres were deployed well away from the target.

Then the two Moon weapons fired at the Earth. Firing from a quarter-million miles away in space, the beams missed the center of the 800-mile square target by only a little over ten miles. The resulting double flash, was centered at roughly 34 degrees, 54 minutes South; 26 degrees, 10 minutes West. Oh, yes indeed, you can visualize these beams as they are fired.

So what happens next? In this in-

stance tremendous quantities of sea water in the target zone flashed instantly into superheated steam. The hot water vapor and surrounding hot air started rising fast toward the stratosphere. Cooler air started racing into the target zone to fill the vacuum. The inward-rushing winds began to swirl due to the Earth's rotation, and the barometric pressure began dropping in the target zone. Within minutes, the atmosphere above the target zone was a spiraling chimney of tumbling, rising air and water vapor. Thus a totally man-made storm cell was being born over the South Atlantic.

The powerful beams fired from the Moon started the process. Then it was up to the quadrangle of Cosmospheres to keep it going. The vast quantities of water vapor sent skyward by the blasts began condensing rapidly in the cool upper air. Normally, this would have led quickly to localized rain, but far from the target area. But the four Cosmospheres were there to prevent that.

Right after the Moon shots that produced the giant double flash, the Cosmospheres went to work. Each began firing a powerful electron beam into the target zone, in a de-focused mode. The electrons mingled into the rising torrents of water vapor, giving a negative charge to the water droplets as they formed. This caused the tiny droplets to repel each other, so that they could not condense into rain. So the water vapor was forced to stay aloft instead of raining back down into the sea.

The Cosmospheres remained on station for several more days in order to complete the experiment. They were able to confirm that the artificial storm clouds remained stable, drifting eastward with the winds. They also monitored the target zone itself, to learn how fast conditions would return to normal. Then they finally dispersed, in

early November, 1979. The artificial storm cell was left to dissipate gradually of its own accord; as a result it attracted no attention.

So, was there a follow-up at that time? Indeed there was--in the political arena where it always is played out at your expense.

In January (4th), 1980, the United States announced what amounted to a new Cold War. A whole series of embargoes and restrictions against Russia were initiated. The most important of those was the embargo of 17-million metric tons of grain ordered by Russia.

The grain embargo was an effort by the Bolsheviks in the U.S. to hit the Russians right where they live. Four days after it was announced, the grain embargo was described by a White House spokesman as the most punitive of all steps against Russia; and ever since then, the Bolsheviks in the U.S. tried to force other countries to do the same.

On Feb. 6, 1980, the Russians summed up their view of all this. Throughout the Soviet press that day there were stories that the Carter Administration wanted to starve the Russian people and, since the Bolsheviks always use starvation as a tool of power, this was no idle comment by Russia.

The very next day, there began to be reports of strange developments in the weather of the southwestern United States. For example, northern New Mexico experienced a heavy snowstorm complete with thunder and lightning (a totally unheard of thing). But it was the following week, on Feb. 13, that the real weather news began. Unprecedented rainstorms began pounding southern California and Arizona.

Day after day they came, one incredible storm right after another. Dams filled, and then overflowed;

levees broke. Houses washed into canyons. Caskets floated away from cemeteries. Mudslides caught several victims and buried them alive (some of my own ground-crew well remember these events for you experienced them first hand). Bridges washed out. Entire communities were washed away or became flooded and marooned. Phoenix endured a flood so vast that another like it would not be expected for over 500 years. And: in the vital agricultural areas of southern California, damage mounted quickly.

On Feb. 19, the *seventh day* of the rains, a CBS Evening News report said: "It's like an organized assault--one massive storm after another." And an organized assault is exactly what it was! Centered at a point 575 miles west of San Diego, a quadrangle of Russian Cosmospheres were in operation. Based on the results of their "double flash" experiment, the Russians refined their technique; and with each "firing", they were becoming more and more accurate--they can now hit a target to the square inch. So the quadrangle west of San Diego was only about 100 miles on a side, and the Cosmospheres were at the decreased altitude of 40 miles.

Using the technique tested in the prior fall in the South Atlantic, the Russians were creating the storm cells--one after another; and this time, they did not just let the cells drift away to dissipate. Instead, they were drawn precisely to the areas to be attacked in southern California and Arizona. Then the storms were triggered by additional Cosmospheres hovering over those areas. This technique has now been utilized over and over and over again in all sorts of various places for these storms can be moved to any desired location. Moreover, that which would produce regular and natural rainfall can be instantly dissipated and no rainfall allowed in any amount to

whatever chosen area.

Eighty-five miles above Yuma, Arizona, there was a pair of Cosmo-spheres. Nearly 100 miles to the north, another Cosmo-sphere duo was hovering over the vicinity of Blythe, California. Both locations are on the Colorado River, bordering California's crucial Imperial Valley agricultural area. These Cosmo-sphere duos used their beam weapons to load the atmosphere with protons, which are positively charged. This attracted the artificial storm cells with their negatively-charged clouds. That is why the storms pounded exactly the same areas--time after time after time, and it was also the proton clouds that triggered the actual storms. Now you will note that this is not exactly the way it is in the Truth of electricity and how it REALLY functions but it serves well enough as description for this writing--we don't expect you to know in advance that which is being brought unto you at this very date. The electrons in the storm were essentially neutralized in the clouds, the water condensed into rain, and the devastating storms were the result.

Finally, after some nine days and over half a billion dollars in damage, the Russians called a halt to the storms for that particular episode. That was a sample, well identified and details given in advance to your administration.

While the western weather disaster was filling the headlines, the Russians were also testing out their cute little weather-control system in a bit less dramatic way here and there across America--always forecasting exactly where to expect what. A total of five more Cosmo-sphere quadrangles at sea and fifteen more Cosmo-sphere duos over land were involved. The Russians are determined to retaliate in kind for the Bolshevik starvation campaigns, my friends--you will note that they are securing tremendous

quantities of your nation's grain right now! What will YOU do for food--and THEY can control your growing elements.

How many of you are stocking up on storable foods? Just thought I would ask! Salu. Hatonn to clear.

**GOD SAID: LET THERE BE
LIGHT**

AND CREATION BECAME

**PLEIADES CONNECTION
VOL. II**

By Gyeorgos Ceres Hatonn

The thought of God is LIGHT.

LIGHT is all there is. ALL springs from, and returns to, LIGHT, the thought of God.

The "War in Heaven for Men's souls" between God and Lucifer, the Light and the dark forces, cannot be comprehended without an understanding of the "physics" of the Universe.

Returning to God requires rising above the physical so dark forces' thrust is ever to ensnare man in the physical, fleshly, "things" of "wealth" and "power" through man's ego.

Shedding our attachments to those physical things, and "highs" associated with sex, drugs, alcohol, thrill/life-risking sports (including war), etc., requires KNOWING that there is more--something better.

This book, a primer, provides the basic understanding of what we are, where we come from and return to, why we are where we are and for what, and how to get the most from this experience.

And, it will help you begin to free yourself from the density and negativity of this experience to take that next step to your oneness with GOD/ATON, the ONE LIGHT.

Hatonn also keeps us up to date on critical National and World Events.

**MATTER, ANTI-MATTER &
WHAT'S THE MATTER**
By Gyeorgos Ceres Hatonn

Hatonn gives us much more information on a large number of topics in this JOURNAL and again he keeps us updated with the TRUTH about the latest news.

He includes many interesting comments about spaceships including certain specific frequencies pertaining to them and specific manifestations at certain areas of the earth grid system. Descriptions of their exterior and interiors are also given.

Some of the other topics he covers are: The importance of the new Challenger shuttle replacement - Robotoids, Synthetics and Neutrals - Little Gray Aliens - Continual Update on the Middle-East Situation - Bush and the trip to Paris which he denies - The purpose for the reported alien visit with Bush at Camp David - The history of money and why and how it has to be changed before economic and social problems can be solved - The plans for a new Central American canal using atomic explosions--SOON--and the severe consequences - 666 and the Bar Codes - An explanation of Creation, etc., etc.
